The importance of a financial adviser

At the time of application, your **financial adviser** can help you weigh up your options, and ensure you're making the right choices for you and your situation.

With an understanding of your goals, your adviser can help you:

- build a policy that offers you the right types of cover
- calculate the level of cover you need
- choose the features and options that are important to you
- structure your insurance cost-effectively.

Your **financial adviser** is required to provide you with a Statement of Advice detailing your insurance requirements, and the payments they will get from providing you with insurance advice.

Once your policy is in force, it's also important to meet regularly with your **financial adviser** to ensure your cover continues to meet your needs. Your OneCare insurance should be based on your personal circumstances – both now and as they change in the future.

At claim time, your **financial adviser** may have a fundamental role in guiding and supporting you through the claims process.

When you purchase your policy through a **financial adviser**, we may pay your **financial adviser** a standard commission for selling you this product and for the ongoing management of your insurance portfolio. This payment is incorporated into your premium. You and your **financial adviser** may agree to commission below the standard commission, in which case your premium may be reduced. Alternatively, your **financial adviser**, in addition to/or instead of commission, may charge a fee for service directly to you. The adviser may choose to use both options on the one policy.

A Financial Services Guide (FSG) is an important document that outlines the type of products and services that each of the licensed OnePath entities is authorised to provide under their Australian Financial Services License (AFSL). Please visit onepath.com.au for a copy of the FSG.

OneCare is OnePath Life's award-winning life insurance cover

With a broad range of cover types to choose from, OneCare is designed to provide comprehensive and flexible protection – allowing you to tailor your policy to your needs and those of your family.

OneCare even allows you to combine your personal, family, and business insurances, which can potentially reduce your premiums.

One policy, many ways to protect

The following shows the types of cover available within the OneCare range:

Core cover

There are the four main types of life insurance cover that are generally suitable for most people.

Specific cover

There are also specific types of cover which are suitable for certain types of people – e.g. business owners (Business Expense Cover) or people who don't qualify for Income Secure Cover (Living Expense Cover).

Optional extras

You can choose to 'top-up' cover by including one or more of the 'optional extra' covers in your policy, but they are only available when your policy includes at least one type of core or specialist cover.

Your Policy

You can choose to have any of the core cover or specialist cover as stand-alone policies or combine it with another cover. For example you can have a policy with Life Cover only or alternatively you can have a policy with Life Cover and Business Expense Cover.

You can also structure your policy so that your covers are linked. For example, you might want to link your Life, TPD and Trauma covers.

Details of the benefits, and extra cost options for each of these cover types may be found in the OneCare covers section from page 17.

How your policy may be owned

OneCare provides four policy ownership structures. They are where the policy is held:

- outside superannuation (non-superannuation);
- inside superannuation and issued to the trustee of the OnePath MasterFund (OneCare Super);
- inside superannuation and issued to the trustee of the Master Trust to which the life insured is a member (OneCare External Master Trust); and
- inside superannuation and issued to the trustee of your self-managed superannuation fund or small APRA fund (SMSF).

The policy ownership structure you choose will dictate:

- how your insurance is owned (e.g. inside or outside superannuation);
- how you can pay your premiums;
- the tax treatment of your premiums and benefits;
- what features and benefits are available on your policy.

Your **financial adviser** can help you choose the policy type, or combination of policy types, that best suit the purpose of your cover.

Cover issued outside superannuation

If you hold the policy outside superannuation, the policy owner will usually be you, your partner or your company; and the life insured and the policy owner can differ.

Cover issued inside superannuation

If you hold the policy inside superannuation, it will be owned by the trustee of your super fund. With OneCare, the trustee can be the trustee of your self-managed super fund or small APRA fund (for OneCare), the trustee of the OnePath MasterFund (for OneCare Super) or the trustee of the External Master Trust (for OneCare External Master Trust).

Superannuation laws may limit the insurance cover that can be held inside superannuation, and the circumstances under which an insurance benefit may be paid to a superannuation fund member.

The trustee of a superannuation fund must determine whether the insurance they have chosen is acceptable, having regard to their obligation under superannuation law and the fund's trust deed.

Benefits are paid to the relevant Trustee and the release of these benefits by the Trustee to you will be subject to the relevant Trust Deed and superannuation laws. For information on whether and when benefits can be released to you, please consult your Trustee or **financial adviser**.

- ✓ **Pay medical bills.** Receive additional financial support to help cover out-of-pocket medical expenses or travel costs associated with treatment.
- ✓ **Make lifestyle changes.** Allow them to take an extended holiday, or reduce their working hours.

Interim Cover to get you started

Interim Cover provides insurance cover while we consider your application. It is provided free of charge for both an application for a new policy, or an addition to an existing policy.

For further information on Interim Cover, including when it commences, please refer to page 104.

Guaranteed continuing cover

Regardless of changes of the life insured's health your policy will continue each year upon payment of the premium.

Events that result in your policy ending can be found within the various OneCare cover sections.

Premium discounts

OnePath Life rewards you with premium discounts when you combine all of your insurances. There are three key discounts OnePath Life can provide:

- Size discount – based on the amount of cover (in dollar terms) you take out.
- Multiple cover discount – if you take out a combination of cover types.
- Multiple life discount – if you link your policy with an eligible family member or business partner or combination of family members and business partners (known as 'extended business group').

Guaranteed upgrade of benefits

We will automatically add any future improvements we make to any of the features and benefits available under your policy provided they do not result in a premium increase.

Any improvements will apply to future claims. The improvements will not apply to current claims, or to any claims resulting from medical conditions which occurred before these improvements came into effect.

Your policy will not be worse off as a result of the guaranteed upgrade. If you are inadvertently disadvantaged in any way, then the previous benefit wording will apply. If certain exclusions are noted on your Policy Schedule, these continue to apply.

Flexible cover that keeps up with you

OnePath Life allows you to increase your level of cover each year to keep up with inflation, or as and when certain major events happen to the life insured, without any additional medicals checks.

There are also in-built cover features in some OneCare cover types that can help financially if the life insured becomes pregnant, unemployed, or you experience financial hardship.

We also offer the following benefits. These do not form part of your policy and may be withdrawn.

Qantas Points

With OnePath, you can get more out of your insurance by earning one Qantas Point for every dollar of eligible premium you pay up to a maximum of 20,000 points per annum – giving you an additional benefit for maintaining your OneCare cover.*

Free access to grief counselling

In the event of a death or **terminal illness** claim, we may offer you and your **immediate family members** free access to counselling through our Grief Care Program.

Talking in confidence to a counsellor can make the grieving process a little easier. The counsellor will help you explore and develop methods to cope with your grief.

Terminal illness claim

In the event of a **terminal illness claim**, we may offer the life insured and an **immediate family member** up to a combined six hours of counselling with a qualified and experienced counsellor. We cap the total grief counselling to a maximum of \$1,200.

Death claim

In the event of a death claim, we may offer an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor, capped to a maximum of \$1,200.

Use of the service can start anytime within 13 months of the date we are notified of the death or the date we pay the **terminal illness** claim.

The counselling provider must be approved by us prior to undertaking any counselling. If approved, we will reimburse the payments directly to you or the immediate family member upon evidence the counselling has occurred.

Once contact has been made with the counselling provider the service must be used within 12 months.

* You must be a Qantas Frequent Flyer member and correctly register valid membership details with OnePath Life to start earning Qantas Points on eligible OnePath Life premiums you pay. Qantas Points are earned in accordance with the 'OnePath and Qantas Frequent Flyer Rewards Terms and Conditions' available at onepath.com.au/qff-terms-conditions. How much can you insure?

When you apply for OneCare, you need to decide how much cover you and your family would need to have if an insurable event occurs.

Lump sum covers

For Life, TPD, Trauma, Child and Extra Care Cover your cover is called the 'amount insured'. This amount insured is agreed when you apply plus any increases that have been taken, and is what we will pay when a claim is accepted. The minimum amount insured is \$50,000 or \$10,000 for Child Cover.

The maximums for these cover types at time of application:	
Life Cover	varies
TPD (Super Any/Super Non-working)	\$5 million
TPD (Any/Own/Non-Working)	\$5 million
SuperLink TPD	\$5 million
TPD Home-maker/Super Home-maker	\$2 million
In certain circumstances, up to \$10 million is available for Business TPD.	
Trauma Cover/SuperLink Trauma Cover	\$2 million
Extra Care Cover	\$1 million
Child Cover	\$200,000

Lump sum paid as an instalment

Obtaining an insurance policy as a lump sum may not be suitable to your needs or personal circumstances therefore we also allow you to choose to have your benefit paid in monthly instalments.

Example – how instalment benefit amount works:

	Life Cover Fixed Term without Value Protector	Life Cover Fixed Term with Value Protector
Fixed Term	5 years	5 years
Monthly Instalment at the start of the benefit	\$3,000	\$3,000
Monthly Instalment at the start of the 2nd year of the benefit	\$3,000	\$3,090
Monthly Instalment at the start of the 3rd year of the benefit	\$3,000	\$3,182.70
Monthly Instalment at the start of the 4th year of the benefit	\$3,000	\$3,278.18
Monthly Instalment at the start of the 5th year of the benefit	\$3,000	\$3,376.53
Total benefit paid	\$180,000*	\$191,128.92*

* In both of the above examples, the total benefit paid amount represents the lump sum equivalent of the total of all monthly instalment payments over a five year period. It is the equivalent of obtaining a \$180,000 or \$191,129 lump sum policy and simply being paid in monthly instalments.

If you choose the instalment benefit payment type, in the event of a claim being accepted we pay the instalment amount insured for the instalment term selected instead of a single lump sum payment.

Instalment benefit amount is paid monthly. You can choose whether the instalment benefit amount will be payable monthly from the date of the event for fixed terms of 3, 5, 10 or 15 years.

The instalment amounts will not increase while benefits are being paid unless the Value Protector Option is also selected.

Please note, the instalment benefit payment type is not available for:

- Extra Care Cover, Child Cover and the Business Guarantee Option; or
- Life Cover and TPD Cover purchased through a superannuation arrangement;
- Life Cover, TPD and Trauma cover where they are part of a SuperLink arrangement.

If Trauma Cover is purchased and a claim is payable for **angioplasty or heart surgery (minor)**, then the amount payable will be paid as a lump sum for these events only, and the monthly instalment amount will be adjusted accordingly to allow for this lump sum payment.

The instalment benefit payment type is only available to OneCare non-superannuation policies.

Value Protector Option (Extra Cost)

This is an extra cost option and is available with the 3, 5, 10 and 15 year instalment fixed terms.

If you choose this option, the monthly instalment amount will increase each year on your claim anniversary by 3% when **on claim**.

Monthly benefit covers

For Income Secure, Business Expense and Living Expense Cover, your cover is called the 'monthly amount insured'.

The minimum monthly amount insured for each of these covers is \$1,250 per month; however if Business Expense Cover is taken in conjunction with Income Secure Cover, the minimum monthly amount insured for Business Expense Cover is \$500 per month.

The maximums for these cover types at application are:

- Income Secure Cover
 - All except Income Secure Special Risk and Income Secure Basic for 'R' occupation classes – \$60,000 per month (amounts over \$30,000 are limited to a 2 year benefit period).
 - Income Secure Special Risk and Income Secure Basic for 'R' occupation classes – \$10,000 per month.
 - The limits for the policy will be determined by the life insured's annual income. The maximum that can be insured is $\frac{1}{12}$ of:
 - 75% of the first \$320,000 of annual income as at the cover start date
 - 50% of the next \$240,000 of annual income and
 - 20% of the balance.
 - If the life insured is contributing at least 5% of their annual income to superannuation or to mortgage repayments and you nominate Priority Income Option, you can insure up to 80% of the life insured's income (see page 76).
- Living Expense Cover - \$5,000 per month.
 - We will take into account the household earnings when assessing your application.
 - The available cover may be adjusted if the life insured also has Income Secure Cover.
- Business Expense Cover - \$60,000 per month.
 - This amount can represent up to 100% of the life insured's monthly **business expenses**.
 - If more than one person generates income in the business, we distribute the business expense proportionally to determine the life insured's share, unless we agree to divide the **business expenses** on a different basis.

What to include for 'annual income'

If the life insured is self-employed or a working director, use the gross income generated by the business as a result of their personal exertion after allowing for the costs and expenses incurred in deriving that income.

If the life insured is employed (but not self employed), use their total remuneration package before tax, and inclusive of regular bonuses, superannuation.

Limits of your OneCare cover

For each OneCare cover type, your claim will be paid if the terms of the cover purchased have been met. However, there are circumstances that may lead to a claim not being payable. Please make sure you're aware of these situations.

When we will not pay

We will not pay any benefit for anything we have specifically excluded from the cover as shown on the Policy Schedule.

Life Cover

We will not pay any benefits under Life Cover if, as a result of the life insured's intentional act or omission, their death occurs within the first 13 months from the date:

- the cover commenced
- of an increase in the amount insured, not including indexation increases (the amount we will not pay is the increased part of the amount insured)
- we agree to reinstate a previously cancelled cover
- cover was bought back under Life Cover Buy Back or purchased under Life Cover Purchase Option. The exclusion applies only to the amount of Life Cover bought back or purchased.

The above 13 month exclusion period does not apply to the part of the amount insured that is replacing similar cover issued by us or another insurer if:

- the insurance under the policy to be replaced has been in force for a minimum of 13 consecutive months immediately prior to the cover start date of this cover;
- the policy to be replaced is cancelled immediately after the issue of this cover;
- all similar exclusions have expired under the policy to be replaced (including exclusions which were applied to the policy after its commencement due to, for example reinstatement or increase); and
- no claim is payable or pending under the policy to be replaced.

Where the Life Cover amount insured under this policy exceeds that of the policy to be replaced, this exclusion will apply to the excess.

TPD Cover

We will not pay any benefits under TPD Cover:

- if the life insured becomes totally and permanently disabled or there is 'specific loss' which arises as a result of their intentional act or omission.

Business TPD Cover exclusion

The following exclusion applies to all Business TPD Cover.

No Business TPD Benefit will be payable for TPD arising directly or indirectly and whether wholly or partly as a result of stress, anxiety, depression, fatigue (including chronic fatigue syndrome, fibromyalgia), physical symptoms of a psychiatric illness or condition, psychosis, personality disorders or emotional or behavioural disorders related to substance abuse or dependency (including alcohol, drug or chemical abuse or dependency).

Trauma Cover

We will not pay any benefits under Trauma Cover:

- if the life insured suffers a trauma condition as a result of their intentional act or omission;
- if the trauma event occurs within the first 90 days of us receiving the completed application for Trauma Cover for those trauma conditions marked with an '*'.

See page 32 and 33 for the list of trauma conditions.

Baby Care Option (available under female Trauma Cover)

We will not pay any benefits under the Baby Care Option for:

- elective pregnancy termination
- surrogacy – either being the surrogate mother or engaging a surrogate mother
- death or any Baby Care condition which arises as a direct result of an intentional act or omission of the policy owner, the parents of the foetus or infant, or someone who lives with or supervises the infant
- foetal death at less than 20 weeks unless death is due to a specified complication of pregnancy
- any Baby Care conditions specified under the Complications of Pregnancy Benefit arising from:
 - In Vitro Fertilisation (IVF) and surrogate pregnancy
 - a direct result of drug or alcohol abuse

What types of cover are available?

There are several types of TPD Cover that you may choose from depending on your needs. They include:

Non
Super

Any Occupation TPD
Own Occupation TPD
Business TPD
Home-maker TPD
Non-working
SuperLink TPD
– SuperLink SIS Own Occupation TPD

Super

Super Any Occupation TPD
Super Home-maker TPD
Super Non-working
SuperLink TPD
– SuperLink SIS Any Occupation TPD

The current occupation of the life insured will determine what types of TPD Cover are available. Your **financial adviser** will be able to determine what cover is available for your occupation.

Maximum sum insured limit

For any combination of Any Occupation, Super Any Occupation, Own Occupation, SuperLink, Super Non-working and Non-working TPD the maximum amount of cover you may apply for is \$5 million.

For Business TPD the maximum amount of cover you may apply for is \$10 million. If this cover is applied for in addition to other TPD, the combined amounts cannot exceed \$10 million.

For the Home-maker and Super Home-maker TPD definition the maximum amount of cover you may apply for is \$2 million, or if combined with Super Non-working and Non-working TPD you may apply for a maximum of \$3 million.

What is the TPD Benefit?

If the life insured becomes totally and permanently disabled and meets the conditions of the TPD definition chosen at the time of application, we will pay the amount insured.

The life insured must survive without life support for up to eight days from the date they satisfy the element of the TPD definition.

For those elements that state that the life insured must be unable to work for three months, no additional survival period applies.

If the definition on the Policy Schedule in respect to the life insured is 'Any Occupation', 'Super Any Occupation', 'SuperLink SIS Any Occupation', 'Own Occupation' or 'SuperLink SIS Own Occupation' and the life insured satisfies the relevant TPD definition as well as either a 'Loss of limbs and/or sight' or 'Loss of independent existence' or 'Cognitive loss' as defined in the 'General terms and phrases' section on page 86 and page 88 then the amount paid will be increased. The amount of the increase will depend on the period of time the life insured has held their cover. The amount of the increase will be:

- 5% after the 2nd policy anniversary;
- 7.5% after the 3rd policy anniversary;
- 10% after the 5th policy anniversary.

The increase is not available when the TPD amount insured in respect of the life insured is \$5 million or greater on the date of disablement.

What is the Partial payment for specific loss?

Non
Super

(Not available for Business TPD, Super Any Occupation, Super Home-maker, Super Non-working or SuperLink SIS Any Occupation.)

The Partial payment for specific loss will pay 25% of the TPD Cover amount insured at the time the 'specific loss' occurs subject to a minimum of \$10,000 and a maximum of \$500,000, or if an instalment benefit payment type applies, an equivalent instalment amount.

We will pay the Partial TPD Benefit if as a result of **illness** or **injury** the life insured suffers the total and permanent loss of:

- one limb, where limb means the whole hand or the whole foot; or
- the sight in one eye.

The TPD Cover amount will be reduced by the amount paid for specific loss. This benefit does not apply if the policy:

- is part of a transfer from another OnePath product, unless the TPD Cover has been fully underwritten; or
- is issued as part of a continuation option, unless the TPD Cover has been fully underwritten.

When is the full TPD amount payable?

We will pay your TPD Cover amount insured if the life insured satisfies one of the definitions of TPD in the TPD Cover you have chosen to be covered for under your policy (or policies if you have SuperLink TPD). To find the definition which will apply to you, go to the TPD Cover definition you have selected for your policy or policies listed below.

3. The life insured satisfies one of the 'General TPD definitions' as described on page 26.

General TPD definitions

1. As a result of **illness** or **injury** the life insured suffers the total and permanent loss of the use of:
 - two limbs (where 'limb' is defined as the whole hand or the whole foot); or
 - the sight in both eyes; or
 - one limb and the sight in one eye.
2. As a result of **illness** or **injury** the life insured suffers 'loss of independent existence'. 'Loss of independent existence' means the life insured is totally and irreversibly unable to perform at least two of the following five **activities of daily living** without the assistance of another adult person:
 - bathing and/or showering
 - dressing and undressing
 - eating and drinking
 - using a toilet to maintain personal hygiene
 - getting in and out of bed, a chair or wheelchair, or moving from place to place by walking, wheelchair or with assistance of a walking aid.
3. As a result of **illness** or **injury** the life insured suffers 'cognitive loss'. 'Cognitive loss' means a total and permanent deterioration or loss of intellectual capacity that has required the life insured to be under continuous care and supervision by another adult person for at least six consecutive months and, at the end of that six month period, they are likely to require ongoing continuous care and supervision by another adult person.

Benefit reductions

The TPD Cover amount insured may be reduced if we pay other benefits for a life insured under a OneCare policy in the following situations:

- If you have Life Cover with both optional TPD Cover and optional Trauma Cover for a life insured, the TPD Cover amount insured is reduced by any amount paid for that life insured under this policy for a:
 - Terminal Illness Benefit under Life Cover
 - TPD Benefit under TPD Cover
 - Trauma Benefit under Trauma Cover.
- If you have Life Cover with optional TPD Cover for a life insured, the TPD Cover amount insured is reduced by any

Terminal Illness Benefit paid under Life Cover, or TPD Benefit paid under TPD Cover for that life insured under the policy.

- If you have Trauma Cover with optional TPD Cover for a life insured, the TPD Cover amount is reduced by any Trauma Benefit paid under Trauma Cover, or TPD Benefit paid under TPD Cover for that life insured under the policy.
- If stand alone TPD Cover applies for a life insured, the TPD Cover amount insured is reduced by a partial payment for a TPD Benefit under TPD Cover.
- In addition, if a SuperLink arrangement applies for the life insured, any benefit amount paid in respect of a life insured under one policy will reduce the amount insured under the other linked policy by the same amount (including):
 - a partial payment of the TPD Cover amount insured under the other linked policy (if applicable)
 - payment of the TPD Benefit under TPD Cover with the SuperLink SIS Own Occupation definition in the other linked policy (if applicable)
 - payment of the TPD Benefit under TPD Cover with the SuperLink SIS Any Occupation definition in the other linked policy (if applicable)
 - payment of the Trauma Benefit under SuperLink Trauma in the other linked policy (if applicable)
 - the Terminal Illness Benefit under Life Cover in the other linked policy (if applicable)

Business TPD Benefit reduction

The maximum Business TPD Cover amount we will pay (including where indexation applies to the cover) is \$10 million.

The Business TPD Benefit amount will be reduced by 'any other TPD Cover' held in respect of the life insured so that the combined total of all TPD cover held in respect of the life insured at the date of disablement does not exceed \$10 million. 'Any other TPD cover' includes any TPD Cover issued by OnePath Life and any other life insurer including TPD Cover that is issued through ordinary policies (non-superannuation) and any TPD Cover issued through any superannuation fund, group plan or employer plan that commences after the policy commencement date.

In the event that the Business TPD Cover payment is reduced, premiums paid in respect of the reduced portion of cover from the date of the last policy anniversary prior to the date of disablement will be refunded.

When TPD Cover ends

TPD Cover for a life insured will end automatically on the earlier of the following:

- date we pay (or commence paying) the full TPD Cover lump sum (or instalment) amount insured. For SuperLink TPD, both policy components will end at the same time
- date the cover is cancelled and/or avoided in accordance with our legal rights. For SuperLink TPD, cancellation of cover under one policy will automatically cancel the linked policy
- date TPD Cover is reduced to zero due to payments under linked Trauma or Life Cover
- date TPD Cover is reduced to zero due to a payment in a SuperLink policy arrangement
- date of the life insured's death
- if the policy is a OneCare Super Policy, the date you are no longer eligible to have superannuation contributions made or transfers (as prescribed under superannuation law) to the OnePath MasterFund
- if the policy is a OneCare Super Policy, the date you are unable to roll over or transfer existing superannuation amounts from other OnePath superannuation products or external superannuation products, for their OneCare Super
- if the policy is a OneCare External Master Trust policy, the life insured ceasing to be a member of the Master Trust
- cover expiry date shown on your Policy Schedule.

The maximum expiry ages for TPD cover are:

3. Trauma Cover

Being diagnosed with a serious illness like **cancer** can make it feel like the world has stopped. Financially, it's only accelerated when expenses are coming at you from all directions.

Trauma Cover pays a benefit so you can pay out debt and cover the costs of lifestyle changes and medical expenses.

Multiple Sclerosis is a chronic debilitating disease of the central nervous system. It is the most common neurological illness among young adults. Most people are diagnosed in their 20s and 30s, and 75% of them are women.

Who can apply?

You can apply for Trauma Cover if the life insured is between the ages in the following table.

Premium type	Entry ages	
	Minimum	Maximum
Stepped premium	15	65
Level premium	15	60

Policy ownership types

The below table shows if this cover may be used with each of the policy ownership types available. Throughout the Trauma Cover section, these symbols will appear where certain information applies to a limited set of policy ownership types.

	Trauma Cover is available. It may be linked to Life and/or TPD, a SuperLink arrangement or Stand Alone.
	Not available.

Choosing the right cover

It's important to choose a level of cover and options that are right for you – taking into account your debts and assets, your requirements for quality care, and your lifestyle goals.

The premiums you will pay are based on the type of Trauma Cover, as well as any extra cost options you may choose to tailor your cover. Your **financial adviser** can help you make the right choices, and ensure your cover suits your needs.

What is the Trauma Benefit?

If the life insured suffers one of the specified trauma conditions shown in the table on pages 32 and 33, we will pay the full or partial amount insured depending on the condition.

To be eligible for a claim the:

- life insured needs to meet the definition of the specified trauma condition
- Trauma Cover must be in force when the trauma condition first occurs or is first diagnosed, or when symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent**
- diagnosis and certification of the trauma condition must be made by a **medical practitioner** and agreed to by us.

The life insured must survive eight days without life support after the date of occurrence or diagnosis of the trauma condition.

This survival period is in addition to any time requirement which is specified within the definition of the trauma condition.

90 day qualifying period

Unless this cover is replacing similar existing cover, there is no cover and no benefit payable in respect of the conditions marked with an * if the condition first occurs or is first diagnosed or the symptoms leading to the trauma condition being diagnosed, first becomes **reasonably apparent** during the first 90 days after the:

- date that OnePath Life receives the complete application for Trauma Cover
- date that OnePath Life receives a written request for the reinstatement of Trauma Cover
- date that OnePath Life receives the complete application for an increase to the Trauma Cover amount insured (in respect of the increased portion only).

In addition, if the life insured suffers:

- a **heart attack (diagnosed)** or **stroke** during the 90 day qualifying period, we will not pay a Trauma Benefit for **heart attack (diagnosed)** or **stroke** at any time; or
- **cancer** during the 90 day qualifying period, we will not pay a Trauma Benefit for any other related occurrences of **cancer** or trauma conditions which result from that **cancer** at any time.

If this cover is replacing existing cover with us or another insurer, the 90 day qualifying period will not apply to the part of the amount insured being replaced if:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced (including qualifying periods applied to the policy after its commencement due to, for example, reinstatements or increases); and
- the policy to be replaced is cancelled immediately after the issue of this policy; and
- no claim is payable or pending under the policy; to be replaced.

Where the Trauma Cover amount insured exceeds that of the policy to be replaced, the 90 day qualifying period will apply to the excess amount.

SuperLink for Trauma Cover

SuperLink Trauma refers to an arrangement which a life insured is able to link non superannuation Trauma Cover to either Life Cover and/or TPD Cover held inside Super. The linked policies can be either:

- a OneCare policy and a OneCare Super policy; or
- a OneCare policy and a OneCare External Master Trust policy; or
- where the policies are owned by a SMSF or small APRA fund, two OneCare policies will be issued.

Covers within the SuperLink arrangement will be issued as two separate policies but will in effect operate as if the linked covers are provided under the one policy, which means that a claim on one cover will reduce the cover on the other policy.

Refer to page 37 for more information on SuperLink arrangements.

Multiple claims on partial payments

We will pay multiple claims under Partial payment conditions, provided the cumulative total of all benefits paid does not exceed the Trauma Cover amount insured. The Trauma Cover amount insured is reduced by the amount paid for any benefit payable.

We will only pay one claim for each trauma condition with the exception of **angioplasty** and **carcinoma in situ**. We will pay for multiple occurrences of **angioplasty** if:

- the first **angioplasty** procedure occurs, and the symptoms leading to the first **angioplasty** procedure only first becomes reasonably apparent after the end of the 90 day qualifying period; and
- for each subsequent **angioplasty** procedure which occurs at least six months after the previous **angioplasty** procedure.

For **carcinoma in situ** we will pay once for each site.

Many diseases can cause dementia, with the most common being Alzheimer disease, estimated to be responsible for about 50–75% of dementia cases.²

What are the ancillary benefits?

These built-in benefits are automatically included with your Trauma Cover.

Built-in benefits	What is it?
Limited Death Benefit 	This benefit applies to stand alone Trauma Cover and Trauma Cover with optional TPD Cover. If the life insured dies and the Trauma Benefit is not payable, we will pay \$10,000.
Accommodation Benefit 	If a medical practitioner certifies that the life insured must remain confined to bed due to their trauma condition; and <ul style="list-style-type: none"> • the life insured is more than 100 kilometres from their home and an immediate family member is required to travel from their home to be with the life insured; or • an immediate family member is required to travel more than 100 kilometres from their home to be with the life insured; we will reimburse accommodation costs for an immediate family member of up to \$500 per day for a maximum of 30 days.
Financial Advice Benefit 	If we pay the full Trauma Cover amount insured, we will reimburse up to \$2,000 for the preparation of a financial plan by a financial adviser for the person whom we paid the Trauma Benefit. This benefit will be paid once across all OnePath policies covering the life insured.
Auto Conversion 	On the policy anniversary when the life insured is age 70, the Trauma Cover (including SuperLink Trauma) will automatically convert to TPD Cover with the Non-working TPD definition. The TPD Cover amount insured after the conversion will be the same as the Trauma Cover amount insured to a total of \$3 million. If the TPD Cover is an option to the Trauma Cover, we will only convert the amount of Trauma Cover in excess of the optional TPD Cover. If the Trauma Cover is an option to Life Cover, we will only convert that amount of Trauma Cover in excess of any TPD Cover as an option to Life Cover. If the total of all cover for trauma and total and permanent disability for the life insured under all policies issued by us is more than \$3 million or if an instalment benefit payment type applies, an equivalent instalment amount, we will only convert such an amount of Trauma Cover that the total of all cover for total and permanent disability for the life insured under all policies issued by us after the conversion is \$3 million, or if an instalment benefit payment type applies, an equivalent instalment amount. The balance of any Trauma Cover not converted under this policy will end at the date of conversion. Benefit reductions

The Trauma Cover amount insured may be reduced if we pay other benefits for a life insured under your policy in the following situations:

- if you have Life Cover with both optional TPD Cover and optional Trauma Cover for a life insured, the Trauma Cover amount insured is reduced by any amount paid for that life insured under this policy for a:
 - Terminal Illness Benefit under Life Cover
 - TPD Benefit under TPD Cover
 - Trauma Benefit under Trauma Cover
- if you have Life Cover with optional Trauma Cover for a life insured, the Trauma Cover amount insured is reduced by any amount paid for that life insured under the policy for a:
 - Terminal Illness Benefit under Life Cover
 - Trauma Benefit under Trauma Cover

- if you have Trauma Cover with optional TPD Cover for a life insured, the Trauma Cover amount insured is reduced by any amount paid for that life insured under the policy for a:
 - TPD Benefit under TPD Cover
 - Trauma Benefit under Trauma Cover
- if you have stand alone Trauma Cover for a life insured, the Trauma Cover amount insured is only reduced by a payment for a Trauma Benefit.

In addition, if a SuperLink arrangement applies for the life insured, any benefit amount paid in respect of a life insured under one policy will reduce the amount insured under the other linked policy by the same amount (including):

- a partial payment of the SuperLink TPD Cover amount insured under the other linked policy (if applicable)
- payment of the TPD Benefit under TPD Cover with the SuperLink SIS Own Occupation definition, SuperLink SIS Any Occupation definition, Super Any Occupation definition or Super Home-maker definition in the other Linked Policy (if applicable)
- the Terminal Illness Benefit under Life Cover in the other linked policy (if applicable).

When Trauma Cover ends

Trauma Cover ends automatically on the earlier of the:

- date we pay (or commence paying) the full Trauma Cover amount insured
- date Trauma Cover is reduced to zero due to payments under linked TPD or Life Cover
- date Trauma Cover is reduced to zero due to a payment in a SuperLink policy arrangement
- date Trauma Cover is reduced to zero due to a partial payment
- date the cover is cancelled and/or avoided
- date of the life insured's death
- cover expiry date shown on the Policy Schedule.

The maximum expiry age for Trauma Cover is age 70, with the following exception:

- Trauma Cover converts to TPD Cover with the non-working TPD definition at age 70 with a maximum sum insured of \$3 million.

SuperLink arrangements

A SuperLink arrangement refers to an arrangement under which you can have cover provided in two linked policies, with one policy owned by the trustee of your superannuation fund ('held inside super') and the other policy held outside of superannuation. The linked policies can be either:

- a OneCare Super policy and a OneCare policy; or
- a OneCare External Master Trust policy and a OneCare policy; or
- where the policies are owned by a SMSF or small APRA fund, two OneCare policies will be issued.

The benefit of a SuperLink arrangement is being able to split the cover over two policies which allow part of the premiums to be funded through the super fund. There will be two Policy Schedules issued and each year you will receive two renewal notices.

The insurance covers are issued in two separate policies but in effect operate as if the linked covers are provided under the one policy, which means that a claim on one cover will reduce the cover on the other policy.

The two SuperLink arrangements are:

- SuperLinking for TPD Cover; and
- SuperLinking for Trauma Cover.

SuperLinking for TPD Cover

A SuperLink arrangement for TPD is when we issue two policies – SuperLink SIS Any Occupation cover to be held by the trustee of your super fund inside super and TPD SuperLink SIS Own Occupation cover to be held by you outside super. Both these policies will be linked which means that any payment made under one policy reduces the amount insured on both policies.

For SuperLinking TPD the amounts insured under both policies need to be equal at all times.

That means any changes that are made to one cover will be applied to the other. If you do not pay premiums for one policy, both policies will cease. For example, if the cover held outside super is cancelled because the premium hasn't been paid, then the cover inside super will also cancel.

To determine whether a TPD Benefit is payable for cover under a SuperLink arrangement, the life insured will be first assessed under the SuperLink SIS Any Occupation definition. If no benefit is payable in respect of the life insured under this definition, they will then be assessed under the SuperLink SIS Own Occupation definition as per the illustration below.

The following scenario is based on a customer choosing to be insured for \$1 million SuperLink SIS TPD Cover.

Life Cover

Certain aspects of both policies must be the same

Under a SuperLink TPD arrangement, the following must be the same under both policies:

- the TPD Cover amount insured
- the life insured
- changes to the amount insured. For example, if the amount insured under one policy decreases because we pay the **Partial TPD Benefit**, the amount insured in the **linked policy** automatically decreases by the same amount. Similarly any increases in the insured amount under one policy, for example through indexation, will be applied to the **linked policy**
- any selected extra cost options
- premium type, that is stepped or level.

However, the policies can have different methods of payment and payment frequency.

SuperLinking for Trauma Cover

A SuperLink arrangement for Trauma Cover provides the option to link Trauma Premier or Trauma Comprehensive Cover to TPD and/or Life cover held inside super. The Trauma Cover is held in a policy outside of super therefore premiums are paid by the life insured and at time of claim, the claim is paid directly to the policy owner. The following is an example of the policy arrangement:

The benefits of SuperLink Trauma include;

- funding of the Life and/or TPD Cover through super
- cheaper premiums than that of stand alone Trauma

From birth to leaving home, it is estimated the cost of raising two children in a typical, middle income[^] family, will cost around \$812,000. Lower income[^] families are expected to spend around \$473,000 raising their children, while a high income[^] family will outlay close to \$1.1 million dollars.

Source: http://www.natsem.canberra.edu.au/storage/AMP_NATSEM_33.pdf, May 2013

[^] Low income is \$1,160 per week, middle income is \$2,274 per week and high income is \$4,984 per week.

Certain aspects of both policies must be the same

Under SuperLink Trauma, the following must be the same under both policies:

- the life insured
- premium type, for example stepped or level.

However, under each policy you can have different:

- methods of payment
- payment frequency
- amounts insured, however if Trauma Cover is linked to Life Cover the Trauma Cover amount insured cannot exceed the Life Cover amount insured
- increases in cover, including indexation
- extra cost options.

Super Non-working TPD is not able to be linked under a SuperLink Trauma arrangement. However, all other TPD options held in super can be linked to the Trauma Cover held outside super.

When will the SuperLink cover end?

In addition to the circumstances outlined on page 29 'When TPD Cover ends', SuperLink TPD Cover will end and our liability to pay any benefit under SuperLink TPD Cover will cease automatically when:

- either or both of the SuperLink TPD Covers are cancelled and/or avoided because you have not paid premium when due on one or both of the covers, in which case both covers will be cancelled or avoided.
- the date we receive written notification from you to cancel both or either of the SuperLink TPD covers, in which case both covers will be cancelled or avoided.
- the date we receive written notification from you to cancel either or all of the covers, in a SuperLink Trauma arrangement.

For example, if the SuperLink SIS Own Occupation cover is cancelled because the premiums are overdue, we will also cancel the SuperLink SIS Any Occupation Cover even though premiums for that cover have been paid to date because the cover is linked.

In addition to the circumstances on page 36 'When Trauma Cover ends', a SuperLink Trauma arrangement will cease when:

- the linked policy is cancelled and/or avoided; and
- we receive written notification from you to cancel the SuperLink Trauma Cover arrangement.

4. Child Cover

Child Cover is designed with the whole family in mind

It is a way of insuring children for a range of trauma events, **terminal illness** and death.

This cover converts at age 21 to Life with optional Trauma Comprehensive Cover without the need for further medical underwriting.

There is no limit to the number of children who can be insured under the one policy.

Who can apply?

You can apply for Child Cover if the insured child is between the age of 2 and 15.

Child Cover is only available if you buy another OneCare Cover under the same policy.

Child Cover can be owned by the child's parents, grandparents or other relationships approved by us.

Child Cover is only available with stepped premium.

There is no limit to the number of children who can be insured under the one policy.

Policy ownership types

The below table shows if this cover is available under each of the policy ownership types.

What is the Child Cover Benefit?

If the insured child dies or suffers one of the following trauma conditions, we will pay the amount insured:

Cancer and tumours	Body organ conditions
Brain tumour (benign)[†]	Kidney failure (chronic)
Cancer^{††}	Organ transplant
Spinal tumour (benign)[†]	Mobility conditions
Heart conditions	Loss or paralysis of limb
Cardiomyopathy	Blood disorders
Brain disorders	Aplastic anaemia
Brain damage[†]	Other events
Head trauma (major)[†]	Burns (severe)
Stroke^{††}	Loss of speech
Sensory conditions	Terminal illness[†]
Blindness (severe)	
Deafness (severe)	
Nervous system disorders	
Encephalitis	
Meningitis and/or meningococcal disease	

[†] These conditions must be diagnosed and certified by a **medical practitioner** who is an appropriate specialist physician approved by us.

* Please refer to the '90 day qualifying period' on page 31.

For detailed definitions of each trauma condition, please refer to the Trauma definitions on page 80.

To be eligible for a claim the:

- insured child needs to meet the definition of the specified trauma condition
- Child Cover must be in force when the condition first occurs or is first diagnosed, or when symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent**
- diagnosis of the trauma condition must be made by a **medical practitioner** and agreed to by us.

90 day qualifying period

Unless the cover is replacing similar existing cover, there is no cover and no benefit will be payable in respect of the conditions marked with an ^{*/*} if the condition first occurs or

is first diagnosed, or symptoms leading to the condition occurring or being first diagnosed become **reasonably apparent**, during the first 90 days after the date that OnePath Life receives:

- the complete application for Child Cover;
- a written request for the reinstatement of Child Cover;
- the complete application for an increase to the Child Cover amount insured (in respect of the increased portion only).

Where the child suffers **cancer** during this period, we will not pay a Child Cover Benefit for any related occurrences of **cancer** or trauma conditions which result from that **cancer** at any time.

If this cover is replacing existing cover with us or another insurer, the 90 day qualifying period will not apply to the part of the amount insured being replaced if:

- any similar qualifying period has expired for the same conditions or events in the policy being replaced (including qualifying periods applied to the policy after its commencement due to, for example, reinstatements or increases);
- the policy to be replaced is cancelled immediately after the issue of this policy; and
- no claim is payable or pending under the policy to be replaced.

Where the Child Cover amount insured exceeds that of the policy to be replaced, the 90 day exclusion will apply to the excess amount.

What are the ancillary benefits?

This built-in benefit is automatically included with your cover.

Benefit	What is it?
Accommodation Benefit 	If a medical practitioner certifies that the insured child must remain confined to bed due to the trauma condition for which they are claiming; and <ul style="list-style-type: none"> • the insured child is more than 100 kilometres from their home and an immediate family member is required to travel from their home to be with the insured child; or • an immediate family member is required to travel more than 100 kilometres from their home to be with the insured child; we will reimburse the accommodation costs for an immediate family member of up to \$500 per day for a maximum of 30 days.
Continuation of cover 	Child Cover may continue if the policy owner dies or there is no more cover, other than the Child Cover, under the policy due to a claim being paid. If the insured child is at least 10 years old, they may choose to start a new policy and become the policy owner. Parent or guardian consent is required if the child is between 10 and 16 years. If this option is exercised, we will allow the Child Cover to continue even if there is no other cover under this new policy.
Conversion of cover 	On the policy anniversary date when the insured child is age 21, we will give you the option of converting to Life Cover with optional Trauma Comprehensive for the insured child up to the amount insured under Child Cover immediate prior to it ceasing without medical underwriting.
Indexation 	Refer to page 44 for details.

When Child Cover ends

Child Cover will end automatically for the insured child on the earliest of:

- the date we pay the full Child Cover lump sum amount insured;
- the date the cover is cancelled and/or avoided;
- the date of the insured child's death;
- the cover expiry date shown on the Policy Schedule;

What is the Extended Needle Stick Benefit?

Non Super

If the life insured suffers an injury resulting in either **HIV (occupationally acquired)** or **Hepatitis B or C (occupationally acquired)**, while the Extra Care Extended Needle Stick Benefit is in force we will pay the amount insured.

Hepatitis B or C (occupationally acquired) means infection with Hepatitis B or C where the infection is acquired as a result of:

- an accident arising out of the life insured’s normal occupation; or
- a malicious act of another person or persons arising out of the life insured’s normal occupation; and
- proof of new Hepatitis B or C infection within six months of the accident or malicious act.

Any incident giving rise to a potential claim must:

- be reported to the relevant authority or employer within seven days of the incident; or
- be reported to us with proof of the incident within 30 days of the incident; and
- be supported by a negative Hepatitis B or C test taken within seven days of the incident.

There will be no cover and no benefit payable if a medical ‘cure’ is found for Hepatitis B or Hepatitis C (as applicable) or a medical treatment is developed and approved which makes these viruses inactive and non-infectious. ‘Cure’ means any Australian Government approved treatment, which renders Hepatitis B or Hepatitis C (as applicable) inactive and non-infectious.

Hepatitis B or C infection transmitted by any other means including sexual activity or recreational intravenous drug use is excluded.

HIV (occupationally acquired) means infection with the Human Immunodeficiency Virus (HIV) where the virus was acquired as a result of an accident occurring during the course of the life insured's normal occupation and sero-conversion of the HIV infection must occur within six months of the accident.

HIV infection acquired by any other means including sexual activity or recreational intravenous drug use is excluded.

Any accident giving rise to a potential claim must:

- be reported to the relevant authority or employer within seven days of the accident; and
- be reported to us with proof of the accident within 30 days of the accident; and
- be supported by a negative HIV antibody test taken after the accident.

We must have open access to all blood samples and be able to obtain independent testing of such blood samples.

There will be no cover and no benefit payable if a medical 'cure' is found for AIDS or the effects of HIV, or a medical treatment is developed that results in the prevention of the occurrence of AIDS. 'Cure' means any Australian Government approved treatment, which renders HIV inactive and non-infectious.

What is the Extra Care Terminal Illness Benefit?

If the life insured is diagnosed with a **terminal illness** while the Extra Care Terminal Illness Benefit for the life insured is in force, we will pay the full amount insured.

What is the Extra Care Accidental Death Benefit?

If the life insured suffers an **accidental death**, while the Extra Care Accidental Death Benefit is in force, we will pay the amount insured.

We define accidental death as a visible and external event, which was unexpected and unintended, and which caused the injury and death of the person insured.

Lump sum covers – Buy backs and reinstatement options

There are several options for reinstating cover with OneCare. Where covers are linked, a claim under one cover will reduce all covers by the claim amount. The buy back and reinstatement options include:

Life Cover Buy Back (standard feature) – allows you to buy back Life Cover after a linked TPD or trauma claim

Double TPD – reinstates the Life Cover after a linked TPD claim plus waives all future premiums

Double Trauma – reinstates the Life Cover after a linked trauma claim, plus waives all future premiums

Life Cover Purchase Option – allows you to repurchase the Life Cover after a standalone TPD or trauma claim

Trauma Reinstatement – allows you to buy back Trauma Cover for unrelated events after a trauma claim

To ensure you are aware when these options are available, we will write out to you as a reminder it is time to exercise this option.

General restrictions

- Any exclusions or any medical, occupational or pastime loadings which applied prior to claim will apply to the new cover.
- Future Insurability and Business Guarantee Option increases cannot be made to the new cover.
- You cannot exercise these buy backs if we have paid a terminal illness benefit to the life insured.

Partial payments

You cannot exercise a buy back after a partial payment, for example **angioplasty** under Trauma Cover or Partial payment for specific loss under TPD Cover. However, you can exercise the buy back or reinstatement option when multiple payments total the full amount insured.

The amount you can buy back or reinstate is the total amount we paid for the claim including any prior partial payments under these covers.

Life Cover Buy Back

This is a standard feature when TPD and/or Trauma Cover is linked to Life Cover.

If we pay (or begin to pay) the full Trauma or full TPD (or instalment) amount insured, we will provide a written offer to you to buy back Life Cover up to the amount of the TPD and/or Trauma Cover benefit paid.

We will offer the Life Cover Buy Back 12 months (or six months for certain trauma conditions*) after the later of:

- the date we receive your fully completed claim form; or
- the date the life insured satisfies the conditions of the TPD definition or Trauma event definition.

You must take up this offer within 30 days of our letter of offer.

You cannot exercise Life Cover Buy Back if:

- a benefit for **terminal illness** has been previously paid for the life insured;
- the Double TPD or Double Trauma Option applied for the life insured; or

- we pay (or begin to pay) only a part of the Trauma Cover or TPD Cover lump sum (or instalment) amount insured. However, if we subsequently pay (or begin to pay) the full balance of the Trauma Cover amount insured in relation to another trauma condition or the full balance of the TPD Cover amount insured (as applicable), you can exercise Life Cover Buy Back in relation to the Trauma or TPD Cover benefits paid.

* Alzheimer's disease, blindness (severe), deafness (severe), dementia, loss or paralysis of limb, multiple sclerosis, Parkinson's disease.

Special restrictions: Life Cover Buy Back is not available on Business TPD.

Double TPD/Double Trauma Option (Extra Cost)

This is an extra cost option when TPD and/or Trauma Cover is linked to Life Cover. When selected, this replaces the standard Life Cover Buy Back. This option expires at the policy anniversary when the life insured is age 65.

If you choose this option and we pay (or begin to pay) the full Trauma or full TPD (or instalment) amount insured (as applicable) the Life Cover amount insured that would be reduced by the amount of the Trauma or TPD Benefit paid will be immediately reinstated.

You will not pay any premiums for the reinstated portion of the Life Cover from the date we pay the full Trauma or TPD amount until the life insured dies.

We will not reinstate the Life Cover under this option if:

- a benefit for **terminal illness** has been previously paid for the life insured; or
- we pay (or begin to pay) only a part of the Trauma Cover or TPD Cover lump sum (or instalment) amount insured. However, if we subsequently pay (or begin to pay) the full balance of the Trauma or TPD Cover amount insured in relation to another trauma condition (for the Double Trauma Option) or the full balance of the TPD Cover amount insured (for the Double Trauma Option), we will reinstate Life Cover up to the Trauma or TPD Cover amount insured (as applicable).

Special restrictions: We will not reinstate Life Cover under Double Trauma if the life insured does not survive the eight day survival period. Indexation will not apply to the new portion of Life Cover.

Double TPD is not available on Business TPD.

Life Cover Purchase Option (Extra Cost)

This is an extra cost option and is available for stand alone TPD Cover, stand alone Trauma Cover and TPD Cover selected as an option to Trauma Cover.

This option expires at the policy anniversary when the life insured is age 65.

If you choose this option and we pay (or begin to pay) the full Trauma Cover or full TPD Cover (or instalment) amount insured (as applicable), you can purchase Life Cover up to the amount of the benefit paid.

We will offer you the Life Cover Purchase Option after 12 months (or after six months for certain trauma conditions*) after the later of:

- the date we receive the fully completed claim form; or
- the date the life insured satisfies the conditions of the TPD definition or Trauma event definition.

You must take up this offer within 30 days of our letter of offer.

The Life Cover Purchase Option can only be exercised once. You cannot exercise the Life Cover Purchase Option if:

- a benefit for **terminal illness** has been previously paid for the life insured
- we pay (or begin to pay) only a part of the Trauma Cover or TPD Cover lump sum (or instalment) amount insured. However, if we subsequently pay (or begin to pay) the full balance of the Trauma Cover amount insured in relation to another trauma condition or the full balance of the TPD Cover amount insured (as applicable), you can exercise Life Cover Purchase Option in relation to the Trauma or TPD Cover benefits paid.

* Alzheimer's disease, blindness (severe), deafness (severe), dementia, loss or paralysis of limb, multiple sclerosis, Parkinson's disease.

Special restrictions: Life Cover Purchase Option is not available on Business TPD.

Trauma Cover Reinstatement Option (Extra Cost)

This is an extra cost option on Trauma Cover.

If you choose this option and we:

- pay (or begin to pay), the full Trauma Cover lump sum (or instalment) amount insured; or
- pay (or begin to pay), the full TPD Cover lump sum (or instalment) amount insured where:
 - the TPD Cover is linked to Trauma Cover; or
 - the TPD Cover is linked to Trauma Cover and Life Cover

for a life insured under this policy, we will offer to reinstate the Trauma Cover for that life insured up to the Trauma Benefit paid or Trauma Benefit prior to reduction (as applicable).

We will offer you the Trauma Reinstatement option 12 months (or six months for certain trauma conditions*) after the later of:

- the date we receive the fully completed claim form; or
- the date the life insured satisfied the trauma condition definition.

You must take up this offer within 30 days of our letter of offer.

The condition giving rise to the TPD Cover claim must satisfy one of the Trauma Cover trauma condition definitions.

You cannot exercise Trauma Cover Reinstatement if:

- we have previously paid a benefit for **terminal illness** for the life insured; or
- only a partial payment was made, for example **angioplasty**; or
- we have previously paid a TPD benefit for the life insured that was not in relation to a defined trauma condition covered by this policy.

However, you can exercise this option when multiple payments total the full amount insured, and for the sum of the Trauma Benefits paid.

We will not pay a claim under the reinstatement Trauma Cover for the same trauma condition, or any related condition, for which we paid a claim under the original Trauma Cover.

If the trauma condition first occurs or is first diagnosed, or symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent**, before the date of reinstatement of the Trauma Cover, the trauma condition will not be covered and no benefit will be payable.

Note: Trauma Reinstatement is available multiple times for unrelated trauma events.

Special restrictions: Indexation will not apply to the reinstated Trauma cover. You will not be able to claim for the same or any other related condition on the reinstated Trauma Cover.

* Alzheimer's disease, blindness (severe), deafness (severe), dementia, loss or paralysis of limb, multiple sclerosis, Parkinson's disease.

Case study

Terry took out a policy with:

Life Cover – \$750,000

Linked TPD Cover – \$750,000

Linked Trauma Cover – \$400,000

Extra cost option – Double Trauma

The covers are linked covers meaning that any benefit paid under one cover would reduce all covers by the amount of the benefit paid.

After a successful claim under his Trauma Cover, Terry received the Trauma Cover benefit payment of \$400,000. This reduced all his linked covers by \$400,000. However, the Double Trauma extra cost option immediately activated a reinstatement of the reduced portion of his Life Cover.

Accordingly, Terry's policy now consists of:

Life Cover = \$750,000 (\$400,000 of which has premiums waived)

TPD Cover = \$350,000

Trauma Cover = \$0

If Terry had Trauma Reinstatement on the policy then at the 12 month anniversary of the benefit paid, Terry could reinstate the \$400,000 Trauma Cover.

6. Income Secure Cover

Income is an important asset to an individual’s financial position. If the life insured can’t work due to an **injury** or **illness**, it could have a significant financial impact both short term and/or long term.

Income Secure Cover can replace up to 80% of a life insured’s monthly income if they are unable to work because of **illness** or **injury**. This money can be used to pay the bills and stay on top of day-to-day living expenses while the life insured recovers.

Cover is available to a broad range of occupation types. Some cover options and cover types apply to a limited set of occupations.

Cardiovascular disease (CVD) is heart, stroke and blood vessel diseases, affecting one in six Australians (3.7 million) and prevents 1.4 million people from living a full life because of disability caused by the disease.

Source: National Hospital Morbidity Database 2009/10 – Australian Institute of Health and Welfare, 2013

Who can apply?

Income Secure Cover is generally available to people working a minimum of 30 hours per week in their principal occupation. However, if the life insured’s occupation is permanent part-time and they work at least three days a week (i.e. a minimum of 20 hours), depending on their occupation, they may be eligible to apply for cover under Income Secure Professional.

You can apply for Income Secure Cover if the life insured is between the ages in the following table.

Benefit period	Entry ages	
	Minimum	Maximum
2 years	19	60*
6 years	19	60
To age 55	19	50
To age 60	19	55
To age 65	19	60
To age 70	19	60

* Monthly benefits in excess of \$40,000 are subject to a maximum entry age of 54 and a 2 year benefit period.

If the life insured is not eligible to apply for Income Secure Cover, they may be eligible for Living Expense Cover (see page 77).

Policy ownership types

The below table shows if this cover may be used with each of the policy ownership types available. Throughout the Income Secure Cover section, these symbols will appear where certain information applies to a limited set of policy ownership types.

	Income Secure Special Risk, Standard, Comprehensive and Professional Cover is available.
	Income Secure Basic Cover is available.

Monthly amount insured payable

The amount you are paid in the event of a claim is referred to as the monthly amount insured payable.

The monthly amount insured payable may be used to determine the monthly amount you will be paid under the benefits provided by this cover while the life insured is **on claim**.

The monthly amount insured payable depends on the benefit payment type (i.e. Guaranteed or Indemnity) that you choose.

One benefit payable

We pay one monthly amount insured payable (including the Priority Income Option if chosen) at a time, even if the life insured suffers more than one **illness** or **injury** giving rise to **total** or **partial disability**. This applies to the Total Disability Benefit, Partial Disability Benefit, Specific Injury Benefit, Trauma Recovery Benefit, Nursing Care Benefit and benefits under the Accident Option and Premier Accident Option.

Unemployed for Income Secure Basic

If you cease to be employed for reasons other than **illness** or **injury**, then we will not pay any benefit under Income Secure Basic.

If you cease employment, then you should tell us to stop your cover otherwise we will continue to charge you your full premium for a benefit you will no longer be eligible to claim.

Unemployment at time of claim

Income Secure Cover (except for Income Secure Basic) will continue while the life insured is **unemployed**. After 12 months of **unemployment** the life insured’s **regular occupation** in determining whether the life insured is **totally** or **partially disabled** will change to mean any occupation that the life insured is reasonably capable of performing with regard to their education, training and experience for Standard, Comprehensive and Professional.

For Income Secure Special Risk, cover will cease after 12 months of **unemployment**.

Choosing the right cover

It's important to choose a type of cover, and a level of cover, that's right for you – taking into account the life insured's income and your, day-to-day expenses, and lifestyle goals for the future.

The premiums you will pay are based on the type and level of cover, as well as any extra cost options you select. Your **financial adviser** can help you make the right choices, and ensure your cover suits your needs.

Available to occupation class R only.

We may offer you Accidental Injury Only cover

(Income Secure Basic, Standard, Comprehensive and Professional only)

When we receive your application for Income Secure Cover, we assess it for risk and determine the terms under which we may offer this insurance.

The outcome of this assessment may be that as a result of the life insured's disclosed health and circumstances we are unable to provide cover for claims resulting from both **injury** and **illness**.

We may provide you with an offer of amended terms for Accidental Injury Only cover. This means that you will only be eligible to claim in relation to **Accidental Injury**.

Accidental Injury is defined as physical injury which is caused solely and directly by violent, accidental, external and visible means which occurs during the period of the policy. If the claim arises directly or indirectly and whether wholly or partly as a result of stress, anxiety, depression, fatigue (including chronic fatigue syndrome and fibromyalgia), physical symptoms of a psychiatric illness or condition, psychosis, personality disorders or emotional or behavioural disorders related to substance abuse or dependency (including alcohol, drug or chemical abuse or dependency), we will not pay any benefits.

Note: The Booster Option, Accident Option, Cover Continuation and Conversion to Living Expense Cover features are not available if Accidental Injury Only is offered and applies to the policy.

- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

Applies to all Income Secure Cover

We will stop paying this benefit when the life insured is no longer **totally disabled**.

The Total Disability Benefit is the monthly amount insured payable as explained on page 51.

The Total Disability Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay $\frac{1}{30}$ of the Total Disability Benefit for each day of the period.

Calculation of the Total Disability Benefit

Guaranteed Benefit: the total disability benefit will be the monthly amount insured, as confirmed by financial evidence, plus any indexation increases.

Indemnity Benefit: the total disability benefit will be the lesser of:

- 75% of the life insured's **pre-claim earnings** (or 80% if you also purchased the Priority Income Option); or
- the monthly amount insured as shown on the Policy Schedule.

What is the Partial Disability Benefit?

If the life insured is **partially disabled** due to **illness** or **injury**, we will pay the Partial Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit, the life insured must have been:

Applies to Income Secure Professional

- **disabled** during the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

Applies to Income Secure Comprehensive and Income Secure Standard if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T

- **totally disabled** for seven out of 12 consecutive days during the waiting period

- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

Applies to Income Secure Basic, if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder of the waiting period
- ceased to be **gainfully employed**, or ceased for at least one day to receive gain or reward under a continuing arrangement to be **gainfully employed**, as a result of the **illness or injury**
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

Applies to Income Secure Comprehensive, Income Secure Standard and Income Secure Special Risk, if the life insured's occupation is shown on the Policy Schedule as Category H, HH or R

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

Applies to Income Secure Basic if the life insured's occupation is shown on the Policy Schedule as Category H, HH or R

- **totally disabled** totally disabled for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- ceased to be **gainfully employed**, or ceased for at least one day to receive gain or reward under a continuing arrangement to be **gainfully employed**, as a result of the **illness or injury**
- continuously disabled since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

Applies to all Income Secure Covers

We will stop paying this benefit when the life insured is no longer **partially disabled**.

The Partial Disability Benefit is payable monthly in arrears.

If a period of payment is less than a month, we pay $\frac{1}{30}$ of the Partial Disability Benefit for each day of the period.

Calculation of the Partial Disability Benefit

This benefit is based on the proportional loss of income compared to the **monthly amount** insured otherwise payable if it were a total disability.

To calculate this you need to note:

A. The life insured's **pre-claim earnings**.

B. The life insured's **monthly earnings** for the month in which they are **partially disabled**. If the life insured is **partially disabled** and is not working to their capability as a result of causes other than **illness or injury** and this situation continues for at least three months, then 'B' will be calculated on what the life insured could reasonably be expected to earn if they were working to the extent of their capability.

In determining what the life insured could reasonably be expected to earn if they were working to the extent of their capability, we will take into account available medical evidence (including the opinion of the life insured's **medical practitioner**) and any other relevant considerations directly related to the life insured's medical conditions.

If we are making monthly payments and intend to adjust future payments due to a change in how we calculate 'B', we will notify you 30 days prior to this taking place.

'B' must be less than the amount of 'A'. If 'B' is a negative in a month, we will treat 'B' as zero.

C. The monthly amount insured payable (if you were claiming for **total disability**).

The calculation is then $\frac{(A-B)}{A} \times C$

= Partial Disability Benefit payable

For Income Secure Basic, if the life insured's occupation category shown on the Policy Schedule is P, E, D, A, F, I, C, M, S, L, T, H or HH and:

- you have been **totally disabled** for at least the waiting period and then return to work on a partial basis, and
- as a result your B is 20% or less than A, we will pay the Total Disability Benefit instead of the Partial Disability Benefit is payable which you are entitled for up to six months.
- If due to the same or a related **illness or injury** you become **totally disabled** while the Partial Benefit is payable, the Partial Disability Benefit ceases and the Total Disability Benefit starts to accrue.

We may increase the partial disability benefit

If we have been paying Total Disability Benefits for 12 consecutive months and you are receiving a Partial Disability Benefit for working in a gainful occupation that is unrelated to their **regular occupation** for at least three consecutive months, we will pay an additional 10% of the Partial Disability Benefit payable for a maximum of 6 months.

The additional 10% will only be available once during the life of this cover.

(Available to Income Secure Standard, Comprehensive, Professional and Special Risk.)

Benefit reductions

We will reduce the monthly amount insured payable in any month by the amount of 'other payments' received by you or the life insured for the purpose of income replacement due to **illness or injury**.

We will not reduce the Total Disability Benefit by **monthly earnings** attributable to the life insured working 10 hours* or less per week or any **monthly earnings** which is less than 20% of their **pre-claim earnings** as described within the **totally disabled** definition.

(Not applicable to Income Secure Basic and Income Secure Special Risk.)

The amounts we consider as 'other payments' vary depending on the type of Income Secure Cover that applies.

We will reduce the Total Disability Benefit we pay in a month so that the combined total of the amount we pay and the 'other payments' is no more than the greater of:

- 75% of the **pre-claim earnings** (or 80% if the Priority Income Option is shown on the Policy Schedule); and
- the benefit otherwise payable (see Partial Disability Benefit on page 54).

* If at time of application, and again immediately prior to **disability** the life insured was working less than 30 hours per week, we will replace '10 hours' with 'five hours' for the purpose of determining if the life insured meets the definition of **partially disabled/totally disabled**.

Applies to Income Secure Special Risk, Standard, Comprehensive and Professional

We will reduce the Partial Disability Benefit we pay in a month so that the combined total of the amount we pay and the 'other payments' is no more than the greater of:

- the benefit otherwise payable; and
- the **pre-claim earnings** less the **monthly earnings** for the month in which the life insured was **partially disabled**.

'Other payments' for Income Secure Professional are payments received from any other disability income, illness or injury policies, including group insurance policies that were not disclosed to us at the time of application or application for an increase in benefits.

'Other payments' for Income Secure Comprehensive, Income Secure Standard and Income Secure Special Risk include:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or application for an increase in benefits were not disclosed to us or that were disclosed to us but were to be replaced by this policy; and
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income.

Applies to Income Secure Basic

We will reduce the Partial Disability Benefit we pay in a month so that the combined total of the amount we pay and the 'other payments' is no more than the greater of:

- 100% of your **pre-claim earnings** where the Partially Disabled benefit is payable, and
- the benefit otherwise payable.

'Other payments' for Income Secure Basic include:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or at the time of application for an increase in benefits, were not disclosed to us or that were disclosed to us but were to be replaced by this policy; and
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income; and
- **paid leave** from an employer, including sick leave, maternity/paternity leave, annual leave or long service leave; and
- after six months any **ongoing income**.

If any of the 'other payments' listed above are received in the form of a lump sum, and if all or a part of that lump sum is a payment in compensation for loss of earnings and cannot be allocated to specific months, we will convert that part of the compensation for loss of earnings to income on the basis of 1% of the loss of earnings component for each month that we pay the benefit for a maximum of eight years. The balance of the lump sum, if any, will not be offset.

'Other payments' do not include:

- any business expenses disability insurance indemnifying against business expenses
- payments made to **dependant children**
- total and permanent disability benefits, trauma benefits, terminal illness benefits or lump sum superannuation benefits
- payment of sums awarded by a court for pain and suffering.

The trauma recovery events marked with an **'†'** must be diagnosed and certified by a **medical practitioner** who is an appropriate physician approved by us.

[^]Paralysis means the total and permanent loss of function of two or more limbs.

[#]Loss means the total and permanent:

- loss of the use of the hand from the wrist or foot from the ankle joint
- loss of the use of the arm from the elbow or leg from the knee joint
- complete severance of the thumb and index finger from the first phalangeal joint; or
- irrecoverable total loss of an eye or sight in the eye.

[§]Fracture means any fracture that requires a pin, traction, a plaster cast or other immobilising structure.

Blood borne diseases

This does not apply to Income Secure Basic.

If the life insured is a health care professional and they contract a blood borne disease such as HIV, Hepatitis B or C, their ability to work can be affected by factors other than physical inability due to the illness.

The following is our approach to claims.

There are three scenarios that could affect the life insured. For all three scenarios the life insured must notify the relevant governing body of their medical condition:

- The life insured chooses to disclose their condition to their patients which may lead to some of their patients seeking medical treatment elsewhere. It could also be difficult for the life insured to attract new patients.

- The life insured chooses to cease performing 'exposure prone' procedures as defined by the relevant governing body.
- The life insured's governing body advises the life insured to cease performing 'exposure prone' procedures as defined by the relevant governing body.

With all of these scenarios it is likely that the life insured's income will reduce, especially for those professionals who generate a high percentage of their income from performing 'exposure prone' procedures.

In all of these cases we will assess whether the life insured is **totally disabled** or **partially disabled** in accordance with the terms and conditions in the Policy Terms.

When Income Secure Cover ends

Income Secure Cover for a life insured will automatically end on the earliest of the:

- policy anniversary when the life insured is age 70;

- date we receive written notification from you to cancel the cover;
- date of the life insured's death;

 - the policy anniversary after your age-based benefit period (e.g. 65 for a benefit period to age 65).

- any event listed above;
- the date 12 months after the life insured became **unemployed**, unless the life insured is **unemployed** because they are **on claim**.

7. Business Expense Cover

You know how much your business needs you.

This cover is especially designed for business owners, sole traders and partnerships.

It pays a monthly benefit to help cover fixed business expenses if the life insured is **totally** or **partially disabled** – helping the business stay afloat.

Who can apply?

Business Expense Cover is generally available to people who are self employed and working a minimum of 30 hours per week in their principal occupation. In considering whether to provide cover, we take into account the life insured's type of occupation and employment status.

You can apply for Business Expense Cover for the life insured if the life insured is between the ages in the following table.

Premium type	Entry ages	
	Minimum	Maximum
Stepped	19	60
Level	19	60

Policy ownership types

The below table shows if this cover may be used with each of the policy ownership types available. Throughout the Business Expense section, these symbols will appear where certain information applies to a limited set of policy ownership types.

Monthly amount insured payable

The amount you are paid in the event of a claim is referred to as the monthly amount insured payable.

The monthly amount insured may be used to determine the monthly amount you will be paid under the benefits provided by this cover while the life insured is **on claim**.

The monthly amount insured payable depends on the benefit payment type (Guaranteed or Indemnity) that you choose.

Choosing the right cover

It's important to choose a type of cover and a level of cover, that's right for you – taking into account the life insured's income and, day-to-day expenses.

The premiums you will pay are based on the type and level of cover, as well as any extra cost options. Your **financial adviser** can help you make the right choices, and ensure the cover suits your needs.

What are my cover options?

Once you've decided what monthly amount insured is right for you, there are a few more choices for how you would like to shape that cover. It is possible to split the total monthly benefit between benefit payment types and waiting periods.

Cover	Options	More about this choice
Benefit payment type	Guaranteed Indemnity	<p>Guaranteed benefit payment type</p> <p>The guaranteed benefit payment type is only available if you have Income Secure Cover with the guaranteed benefit payment type under the same policy.</p> <p>If you choose the guaranteed benefit payment type, the monthly amount insured payable will be the amount agreed on at the time of application.</p> <p>The monthly amount insured payable will be the monthly amount insured shown on the Policy Schedule. It may be reduced if the life insured receives certain other money (refer to 'Benefit reductions' on page 72).</p>
		<p>Indemnity benefit payment type</p> <p>If you choose the indemnity benefit payment type, the monthly amount insured payable will be dependent on the life insured's business expenses at the time of claim and the monthly amount insured.</p> <p>The monthly amount insured payable will be the lesser of the:</p> <ul style="list-style-type: none"> • monthly amount insured shown in the Policy Schedule • life insured's share of business expenses which are incurred while the life insured is disabled. <p>If more than one person is directly responsible for the generation of income in the life insured's business, we distribute the business expenses in the same proportion as their share of business income prior to claim between the life insured and the other person(s), to determine the life insured's share, unless we agree to divide the business expenses on a different basis.</p> <p>We only pay benefits if receipts are provided to us within 90 days after the date the business expenses were incurred.</p> <p>The amount we pay may be reduced if the life insured receives certain other money (refer to 'Benefit reductions' on page 72).</p> <p>Under the indemnity benefit payment type, we require you to provide satisfactory financial evidence for the purpose of determining the life insured's business expenses at the time of claim, as well as the life insured's pre-claim business earnings.</p>
Waiting periods	14 days	The waiting period is the period you must wait before the benefit period commences.
	30 days	The waiting period will affect the premium – the longer the waiting period, the more affordable the premium.
	60 days	The waiting period starts the day the life insured consults a medical practitioner and receives advice confirming disability .
	90 days	Where it can be substantiated that the disability commenced before receiving the advice from a medical practitioner , the start of the waiting period may be backdated up to seven days with written confirmation.
		A separate waiting period applies for each separate illness or injury for which the life insured can claim under this cover, unless it is a recurring claim .

The benefit period may be extended for up to 12 months, provided the life insured is still disabled and the cumulative total of benefits under the Business Expense Cover have not exceeded 12 times the monthly amount insured shown on the Policy Schedule.</p>

What is the Total Disability Benefit?

If the life insured is **totally disabled** due to **illness** or **injury**, we will pay the Total Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit the life insured must have been:

(Applies if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T)

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

(Applies if the life insured's occupation is shown on the Policy Schedule as Category H or HH)

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

(Applies if the life insured's occupation is shown on the Policy Schedule as Category A, C, D, E, F, I, P and the life insured also has an in force Income Secure Professional policy)

- **disabled** during the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

We will stop paying this benefit when the life insured is no longer **totally disabled**.

The Total Disability Benefit is payable monthly in arrears.

If a period of payment is less than a month, we pay 1/30 of the Total Disability Benefit for each day of the period.

What is the Partial Disability Benefit?

If the life insured is **partially disabled** due to **illness** or **injury**, we will pay the Partial Disability Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit the life insured must have been:

(Applies if the life insured's occupation is shown on the Policy Schedule as Category P, E, D, A, F, I, C, M, S, L, or T)

- **totally disabled** for seven out of 12 consecutive days during the waiting period
- **disabled** for the remainder to the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

(Applies if the life insured's occupation is shown on the Policy Schedule as Category H or HH)

- **totally disabled** for 30 consecutive days during the waiting period (or 14 consecutive days if you have a 14 day waiting period)
- **disabled** for the remainder of the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – see page 91).

(Applies if the life insured's occupation is shown on the Policy Schedule as Category A, C, D, E, F, I, P and the life insured also has an in force Income Secure Professional policy)

- **disabled** during the waiting period
- continuously **disabled** since the end of the waiting period (unless claiming as a **recurring claim** – page 91).

We will stop paying this benefit when the life insured is no longer **partially disabled**.

The Partial Disability Benefit is payable monthly in arrears. If a period of payment is less than a month, we pay 1/30 of the Partial Disability Benefit for each day of the period.

Calculation of the Partial Disability Benefit

The benefit is based on the proportional loss in income compared with the monthly amount insured otherwise payable if it were a **total disability**.

To calculate this you need to note:

- A. The life insured's share of the average monthly **pre-claim business income**.
- B. The life insured's share of **business income** for the month in which they are **partially disabled**. If the life insured is **partially disabled** and is not working to their capability as a result of causes other than **illness** or **injury** and this situation continues for at least three months, then 'B' will be the life insured's share of **business income** that could reasonably be expected to earn if they were working to the extent of their capability. In determining what the life insured could reasonably be expected to earn if they were working to the extent of their capability, we will take into account available medical evidence (including the opinion of the life insured's **medical practitioner**) and any other relevant considerations directly related to the life insured's medical condition (including information provided by the life insured). If we are making monthly payments and intend to adjust future payments due to a change in how we calculate 'B', we will notify you 30 days prior to this taking place. 'B' must be less than the amount of 'A'. If 'B' is negative in a month, we will treat 'B' as zero.
- C. The monthly amount insured payable (if you were claiming for **total disability**).

The calculation is then $[(A-B) / A] \times C =$ the Partial Disability Benefit payable.

If the period of payment is part of the month, we will pay 1/30 of the Partial Disability Benefit for each day the life insured is **partially disabled**. Benefits are payable monthly in arrears with the first payment occurring one month after the end of the waiting period.

What are the ancillary benefits?

Several other expenses may emerge should the life insured become ill or injured. Business Expense Cover includes a range of events other than disability where a feature or benefit is available.

Built-in benefits	What is it?
Waiver of Premium 	You do not have to pay premiums for Business Expense Cover while the life insured is on claim for Business Expense Cover or is disabled beyond the end of the waiting period and otherwise eligible for the payment of a benefit under this cover before the benefit reductions are applicable.
Death Benefit 	If the life insured dies or is diagnosed with a terminal illness , we will pay a once only lump sum equal to three times the monthly amount insured, up to a total of \$60,000 across all Business Expense Cover for a life insured under your policy. The life insured does not need to be on claim to receive this benefit. We pay this benefit for terminal illness in addition to any other benefits payable while the life insured is on claim under this cover.
No Claim Benefit 	If the Business Expense Cover has been continuously in force for three years and the life insured has not been on claim and you have not been eligible to make a claim for the life insured under this cover, we will double the Death Benefit payable. The doubling of the Death Benefit only applies to a claim which arises from an event occurring after the third policy anniversary of the cover start date.
Increasing Expenses 	If the life insured's average monthly business expenses increase, this feature allows you to increase the monthly amount insured without medical underwriting by 15% of the monthly amount insured after the indexation increases apply. Each year on the policy anniversary, you may increase the monthly amount insured in addition to any indexation increase. This feature is only available if the life insured is under age 50 at the cover start date, and to increase cover under this feature the life insured must be aged under 55, and the monthly amount insured payable across all Business Expense Cover for the life insured, including this increase, does not exceed \$60,000. This benefit is not available for cover that has been issued with a medical loading greater than 50%.
Premium Break 	If the life insured sells or ceases to own or operate a business for which the business expense cover was insuring and: <ul style="list-style-type: none"> • you have paid premiums for the previous consecutive 24 months; and • there is no premiums amount outstanding at the time of activating the Premium Break. You can apply to pause your premium payment for up to 12 consecutive months with the option to recommence cover at the end of the 12 month period. There is no cover and no benefit payable under this feature in respect of an illness or injury that becomes reasonably apparent while premiums are being paused, or in the first 90 days after each and any subsequent resumption of cover from Premium Break.

Benefit limitations

One benefit payable

We pay one monthly amount insured payable at a time, even if the life insured suffers more than one **illness or injury** giving rise to a **total disability or partial disability**. A separate waiting period applies for each separate **illness or injury** for which you are entitled to make a claim under the cover.

Unemployment

Business Expense Cover will continue while the life insured is **unemployed**. After 12 months of **unemployment**, the life insured's **regular occupation** in determining whether the life insured is **totally disabled or partially disabled** will change to mean any occupation that the life insured is reasonably capable of performing with regard to their education, training and experience.

Blood borne diseases

If the life insured is a health care professional and they contract a blood borne disease such as HIV, Hepatitis B or C, their ability to work can be affected by factors other than physical inability due to the illness.

The following is our approach to claims.

There are three scenarios that could affect the life insured.

For all three scenarios the life insured must notify the relevant governing body of their medical condition.

- The life insured chooses to disclose their condition to their patients which may lead to some of their patients seeking medical treatment elsewhere. It could also be difficult for the life insured to attract new patients.
- The life insured chooses to cease performing 'exposure prone' procedures as defined by the relevant governing body.
- The life insured's governing body advises the life insured to cease performing 'exposure prone' procedures as defined by the relevant governing body.

With all of these scenarios it is likely that the life insured's **business income** will reduce, especially for those professionals who generate a high percentage of their **business income** from performing 'exposure prone' procedures.

In all of these cases we will assess whether the life insured is **totally disabled or partially disabled** in accordance with the terms and conditions in the Policy Terms.

Benefit reductions

Any benefit payable under this cover will be reduced by any amounts you or the life insured receive as business expense benefits from other insurance policies for the life insured's **illness or injury**.

When Business Expense Cover ends

Business Expense Cover for a life insured will end automatically on the earliest of the:

- policy anniversary when the life insured is age 65
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights, or because you have not paid the premiums when due
- date of the life insured's death.

We will not pay any benefits under this cover if at the time of **illness or injury** giving rise to the **disability**, you cease to own or operate a business.

8. Living Expense Cover

Living Expense Cover is designed for people who are not eligible for Income Secure Cover – usually because they don't have an income (e.g. home-makers and retirees), or because they work on a casual or part-time basis.

We pay an agreed monthly benefit if the life insured is **significantly disabled**. This money may be useful for meeting financial obligations, home adjustments and maintaining lifestyle.

Over 200,000 Australians were estimated to have dementia in 2010, with the number projected to more than double over the next 20 years.

Choosing the right cover

It's important to choose a cover that's right for you – taking into account the options available to you, your day-to-day expenses, and your lifestyle goals for the future.

The premiums you will pay are based on the type and level of cover. Your **financial adviser** can help you make the right choices, and ensure the cover suits your needs.

What are my cover options?

Once you've decided what monthly amount insured is right for you, there are a few more choices for how you would like to shape that cover. This is something your **financial adviser** can help you with.

Cover	Options	More about this choice
Waiting period	30 days	The waiting period is the period the life insured must wait before the benefit period commences.
	90 days	
	1 year	The waiting period starts the day the life insured consults a medical practitioner , and receives advice confirming significant disability . A separate waiting period applies for each separate illness or injury for which you can claim in respect of a life insured under this cover, unless it is a recurring claim .
	2 years	
Benefit period	2 years To age 65 To age 80	The benefit period is the maximum period of time that you will be paid for a benefit for any one illness or injury while the life insured is significantly disabled .

Monthly amount insured payable

The amount you are paid in the event of a claim is referred to as the monthly amount insured payable. Living Expense Cover uses the guaranteed benefit payment type. This means the monthly amount insured payable that we pay **on claim** is guaranteed to be the monthly amount insured shown in the Policy Schedule.

One benefit payable

You are only entitled to one monthly Living Expense Benefit for a life insured at any one time, even if the life insured suffers more than one **illness** or **injury** giving rise to a **significant disability**. A separate waiting period applies for each separate **illness** or **injury** for which you are entitled to make a claim under the cover.

What is the Living Expense Benefit?

If the life insured is **significantly disabled** due to **illness** or **injury**, we will pay the Living Expense Benefit during the benefit period after the completion of the waiting period. To be eligible to receive this benefit, the life insured must have been continuously **significantly disabled**:

- during the waiting period; and
- since the end of the waiting period; (unless claiming as a **recurring claim** – see page 91).

We will stop paying this benefit when the life insured is no longer **significantly disabled**.

The Living Expense Benefit will be the monthly amount insured payable.

If the period of payment is part of a month, we will pay $\frac{1}{30}$ of the Living Expense Benefit for each day the life insured is **significantly disabled**. Benefits are payable monthly in arrears with the first payment occurring one month after the end of the waiting period.

What are the ancillary benefits?

Built in benefits	What is the benefit?
Waiver of Premium 	You do not have to pay premiums for Living Expense Cover while the life insured is on claim for Living Expense Cover or disabled beyond the end of the waiting period and otherwise eligible for the payment of a benefit under this cover before the benefit reductions are applied.
Death Benefit 	If the life insured dies or is diagnosed with a terminal illness , we will pay a once only lump sum equal to three times the monthly amount insured. The life insured does not need to be on claim for this benefit to be payable. We pay this benefit for terminal illness in addition to any other benefits payable while the life insured is on claim under this cover.
Specific Injury Benefit 	We will pay you the monthly amount insured payable if the life insured sustains one of the listed specific injuries prior to age 65. This benefit is payable regardless of whether they are significantly disabled , need ongoing medical treatment or is working. It is also payable during the waiting period, if applicable. You can choose to be paid either a lump sum or monthly in advance. Below is a list of Specific Injuries and the relevant payment periods: <ul style="list-style-type: none"> • Paralysis* – six months • Loss of limbs^ – three months • Loss of sight# – three months. * Paralysis means the total and permanent loss of function of two or more limbs. ^ Loss of limbs means the total and permanent loss of use of the whole of both hands or the whole of both feet or a combination of a whole hand and whole foot. # Loss of sight means the irrecoverable total loss of sight in both eyes.
Indexation 	The cover will automatically increase by the indexation factor each year. You may choose to decline the increase in any year. As the monthly amount insured increases due to indexation, the premium will also increase. If the life insured is on claim under Living Expense Cover, indexation will not apply.

Benefit reductions

We will reduce the monthly amount insured payable in any month by the amount of 'other payments' received by you or the life insured for the purpose of income replacement due to **illness or injury**.

'Other payments' include:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that at the time of application or application for an increase in benefits were not disclosed to us or that were disclosed to us but were to be replaced by this policy; and
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income.

If any of the 'other payments' listed above are received in the form of a lump sum then, if all or a part of that lump sum is a payment in compensation for loss of earnings and cannot be allocated to specific months, we will convert that part of the compensation for loss of earnings to income on the basis of 1% of the loss of earnings component for each month that we pay the benefit for a maximum of eight years.

The balance of the lump sum, if any, will not be offset.

'Other payments' do not include:

- any business expenses disability insurance indemnifying against **business expenses**
- payments made to **dependant children**
- total and permanent disability benefits, trauma benefits, terminal illness benefits or superannuation benefits
- payment awarded from the courts for pain and suffering.

When Living Expense Cover ends

Living Expense Cover for a life insured will end automatically on the earliest of the:

- policy anniversary when the life insured is age 80
- cover expiry date shown on the Policy Schedule
- date we receive written notification from you to cancel the cover
- date we cancel and/or avoid the cover in accordance with our legal rights, or because you have not paid your premiums when due
- date of the life insured's death.

Indexation factor is determined each year based on the percentage increase in the Consumer Price Index (CPI) (the weighted average of eight capital cities combined), as published by the Australian Bureau of Statistics (or its successor) for the 12 month period ending on 31 December each year. The indexation factor will be applied from 1 May in the following year.

If the CPI reduces over the relevant period, the indexation factor will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next indexation factor.

If the CPI is not published, we will calculate the indexation factor from another retail price index which in our actuary's opinion is the closest to it.

What is OneCare Super?

OnePath Custodians Pty Limited (OnePath Custodians) is one of the issuers of this PDS and is responsible for the contents of this PDS.

OneCare Super is a superannuation product issued by the Trustee of the OnePath MasterFund (MasterFund), which allows you to arrange insurance cover as a way of securing retirement and death benefits. This section contains important information about OneCare Super and the MasterFund. You should also read the OneCare cover sections which provide information about the insurance provided to the Trustee by OnePath Life.

When you choose OneCare Super, you apply to become a member of the MasterFund and you nominate the insurance benefits you require. If your application for insurance is accepted, you become a member of the MasterFund and an insurance policy is issued to the Trustee.

You can choose Life Cover, TPD Cover, Income Secure Cover and Extra Care Cover as part of OneCare Super. Conditions apply to the insurance benefits we provide to the Trustee and these conditions are explained in the sections on Life Cover, TPD Cover, Income Secure Cover and Extra Care Cover.

As a member of the MasterFund, you make (or have made on your behalf) superannuation contributions or rollovers, from which the Trustee pays the premium for the insurance cover provided under the OneCare Super policy.

Unlike some superannuation products, OneCare Super is not an investment product. When you purchase OneCare Super you will not have an accumulation balance as part of your OneCare Super interest in the MasterFund. This will be the case, regardless of whether contributions or rollovers were used to purchase cover on your behalf. The amount of your contribution or rollover (plus any Rollover Rebate – see below) will equal the yearly premium paid by the Trustee to OnePath Life.

Any amounts paid to us when you apply are held in trust by OnePath Life while your application is assessed. If your application is declined these amounts will be refunded as appropriate.

MasterFund

The MasterFund is a regulated superannuation fund under the *Superannuation Industry (Supervision) Act 1993 (SIS)*. SIS provides members with protection and provides standards in the management of superannuation funds. Trustees of superannuation funds must adhere to these standards. Non-compliance with these standards results in penalties levied on the trustee. As the MasterFund is offered to the public, the Trustee is an approved trustee authorised by the Australian Prudential Regulation Authority (APRA).

The MasterFund is governed by a Trust Deed that contains details of all the rules of operation and the benefits payable from the MasterFund.

A copy of the Trust Deed may be obtained free of charge by contacting Customer Services on 133 667.

How to pay the premiums through the OnePath MasterFund

Option 1 – Eligibility to contribute to the MasterFund

Membership of the MasterFund is open to all persons who are eligible to contribute to superannuation or have contributions made on their behalf. When you choose OneCare Super and your application is accepted, contributions will be made to the MasterFund which are then used by the Trustee to meet the cost of the insurance taken out on your life. Please refer to 'Who can make contributions to the OnePath MasterFund' on this page.

Option 2 – Internal rollover from a OnePath superannuation product

Internal rollovers may be allowed from superannuation interests you hold from the following products which all sit within the OnePath MasterFund:

- OneAnswer Frontier Personal Super
- OneAnswer Personal Super
- ANZ OneAnswer Personal Super
- OptiMix Superannuation.

Members will be required to complete a rollover authority which directs the Trustee of the OnePath MasterFund to rollover money from the nominated account as and when due. This direction will be a standing order and will apply to the first and all subsequent rollovers, until such time as the member withdraws it in writing (and nominates some other method of payment or cancels the policy).

Option 3 – External rollover

The premium for Cover can be paid into OneCare Super as an external rollover from your account in any eligible superannuation fund. The rollover amount, plus any Rollover Rebate must equal the yearly premium due.

You must complete an Enduring Rollover Request form, which automatically directs the trustee of the external fund to rollover money from your nominated external superannuation fund to the MasterFund at each policy renewal.

If you pay an annual premium with an external rollover from a complying superannuation fund, you may receive a Rollover Rebate of up to 15%. We calculate the rebate based on up to 15% of the annual premium paid with an external rollover. The Rollover Rebate is generally applied to the premium due, reducing the amount made as an external rollover.

Subject to law, the Trustee may cease to offer the Rollover Rebate at any time and for any reason.

Who can make contributions to the OnePath MasterFund

If you are under age 65:

- you, your spouse, employer or a third party may make contributions for your benefit at any time.

If you are at least age 65 but not yet age 70:

- you, your spouse, employer or a third party may make contributions for your benefit so long as you have been 'gainfully employed' for at least 40 hours during any consecutive 30 day period in the financial year the contribution is made
- your employer may make compulsory employer contributions, e.g. Superannuation Guarantee (SG) or Award at any time.

If you are at least age 70 but not yet age 75:

- you and your employer may make contributions for your benefit so long as you have been 'gainfully employed' for at least 40 hours during any consecutive 30 day period in the financial year the contribution is made.
- your employer may make compulsory contributions at any time.

If you are at least age 75:

- you and your employer may make contributions for your benefit so long as you have been 'gainfully employed' for at least 40 hours during any consecutive 30 day period in the financial year. The contribution is made and the contribution is received on or before the 28th day of the month following that in which you turn 75
- your employer may make compulsory contributions at any time.

'**Gainfully employed**' means employed or self-employed for 'gain or reward' in any business, trade, profession, vocation, calling, occupation or employment.

Government co-contribution

If you have made a personal non-concessional contribution (e.g. after-tax) to the MasterFund or any other complying superannuation fund, you may qualify for a government co-contribution. Your entitlement is capped under law and will be assessed by the Australian Taxation Office (ATO).

As a stand alone insurance risk product under the MasterFund, OneCare Super is not able to accept the government co-contribution. You may wish to have the ATO direct your government co-contribution to an alternative superannuation interest.

Speak to your **financial adviser** or a qualified taxation specialist to see if you are eligible for the government co-contribution.

Salary sacrifice (concessional contribution)

Salary sacrifice is an arrangement whereby your employer makes a contribution to a superannuation fund instead of making an equivalent gross payment as salary. The salary sacrificed contributions may then benefit from the concessional tax treatment that applies to superannuation contributions.

The concessional rate of tax on superannuation means that employees on higher personal tax rates may benefit from tax efficiencies by receiving part of their remuneration as a superannuation contribution.

Salary sacrifice contributions to super are included in the definition of income for certain government payments. Your employer may be required to report salary sacrifice contributions to the ATO as reportable employer superannuation contributions.

Before entering into a salary sacrifice arrangement we recommend members speak to their **financial adviser**.

Spouse contributions

The contribution must be made from after-tax monies and will be treated as a non-concessional contribution.

Death Benefit

If you die, any insurance benefits under the OneCare Super policy are paid to the Trustee. You can choose who the Trustee pays benefits to in the event of your death while a member of the MasterFund. There are two options available and it is important that you read the following information so that you choose the best option for you.

You can nominate one or more beneficiaries to receive your Death Benefit in the event of your death. All beneficiaries must be:

- a dependant and/or
- your estate (we call this your 'legal personal representative').

Your nomination will only apply to the Death Benefit payable under OneCare Super. If you have another OnePath Custodians superannuation interest issued through the MasterFund, you must complete a separate nomination form in relation to amounts payable under that product.

Under superannuation law (which includes the Trust Deed), you cannot nominate persons as beneficiaries who do not fall into one of the above categories.

A 'legal personal representative' is the person who looks after the estate of a deceased person. This may be:

- the executor of the Will
- the administrator of the estate if the person dies without making a valid Will (known as intestacy).

Who can be a dependant

A dependant includes:

- your **spouse** (including a person same or different sex who although not legally married to you, lives with you in a genuine domestic basis as a couple. It generally does not include a person who lives separately and apart from you on a permanent basis)
- your children (including an adopted child, a step-child, child of your **spouse** or an ex-nuptial child)
- a person who is financially dependent on you at the time of your death; and
- a person with whom you have an 'interdependency relationship'.

Generally, two persons (whether or not related by family) have an 'interdependency relationship' if:

- they have a close personal relationship
- they live together
- one or each of them provides the other with financial support; and
- one or each of them provides the other with domestic support and personal care.

An interdependency relationship also includes two persons (whether or not related by family):

- who have a close personal relationship; and
- who do not meet the other three criteria listed in the paragraph above because either or both of them suffer from a physical, intellectual or psychiatric disability or are temporarily living apart.

Nominating a beneficiary

You can nominate, cancel or change your nominated beneficiaries by completing the Nomination of Beneficiaries Form. You will need to comply with the following legal requirements.

Your nomination may be, or become, defective if certain events occur such as marriage or divorce. You should revise your nomination if any of these events occur. It is very important that you keep your nomination up to date in line with your personal circumstances so that it continues to be effective.

Your Annual Statement provides details of any nominations you have made.

1. Binding nomination

If you provide us with a binding nomination that satisfies all legal requirements, the Trustee must pay your Death Benefit to the beneficiaries you have nominated and in such proportions as you have specified, provided:

- the nominated beneficiary(ies) is a dependant(s) or your legal personal representative at the time of your death
- your binding nomination is current when you die, i.e. the form containing the nomination has been confirmed or amended within three years after the day it was first signed, or last confirmed or amended by you
- your binding nomination is in writing and two persons aged 18 or over who are not nominated beneficiaries have witnessed you signing your nomination
- your nomination is not defective (refer to 'Defective binding nominations' below).

Defective binding nominations

Your nomination will be defective if, for example:

- it is unclear to the Trustee (e.g. because it is illegible or because the nominated proportions do not total 100%)
- you or the witness did not sign or date the beneficiary nomination form
- the nomination has not been confirmed or amended within three years after the day it was first signed, last confirmed or amended by you.

Your nomination may become partially defective after you make it if a nominated beneficiary dies or ceases to be a dependant while you are still living. You should revise your nomination if any of these events occur.

2. Non-binding nomination

You can also provide us with a non-binding nomination which does not have to be confirmed or updated every three years. If you provide us with a non-binding nomination, the Trustee may pay your Death Benefit to the beneficiaries you have nominated and in such proportions as you have specified, provided:

- the nominated beneficiary(ies) is a dependant(s) or your legal personal representative at the time of your death
- you have not married, entered a de facto or like relationship with a person of either sex, or permanently separated from your **spouse** or partner since making your nomination
- your non-binding nomination has not been revoked and is not defective for any reason (refer to 'Defective non-binding nominations' below).

It is important to note that a non-binding nomination will not override a valid binding nomination. If you have already made a binding nomination, you must revoke it first before making a non-binding nomination.

Defective non-binding nominations

Your nomination will be defective if, for example,;

- it is unclear to the Trustee (e.g. because it is illegible or because the nominated proportions do not total 100%)
- the Trustee receives information before paying the benefit that, when you made the nomination, you did not understand the consequences of making it.

Your nomination may become partially defective after you make it if a nominated beneficiary dies or ceases to be a dependant while you are still living. You should revise your nomination if any of these events occur.

3. No nomination, defective nomination or cancelled nomination

(Applicable to binding and non binding nomination)

If you do not make a valid nomination, you cancel your existing nomination or your nomination is defective, the Trustee will pay your Death Benefit to your legal personal representative unless your estate is insolvent or a legal personal representative is not appointed within six months or such longer time period the Trustee may allow.

If the above does not apply, the Trustee will pay your Death Benefit to your **spouse** or partner (equally, if more than one).

If neither of the above apply, the Trustee will pay your Death Benefit to one or more of your dependants (as determined by the Trustee).

Death benefits paid as an income stream

Death benefits paid from the MasterFund are generally paid as a lump sum. However, there may be circumstances where the payment of benefits as an income stream may be more advantageous for beneficiaries. In such circumstances the Trustee may pay benefits as an income stream to certain dependants.

In some circumstances an income stream may be paid to a minor. The rules around when income streams can be paid to a child, including when a child must cash out an income stream into a lump sum, are complex and you should speak to your **financial adviser**.

Insured's duty of disclosure

The Trustee enters into a life insurance contract in respect of your life and has a duty, before entering into the contract, to tell us anything that it knows, or could reasonably be expected to know, may affect our decision to provide the insurance and on what terms.

The Trustee has this duty until we agree to provide the insurance.

The Trustee has the same duty before the Trustee extends, varies or reinstates the contract.

The Trustee does not need to tell us anything that:

- reduces the risk we insure you for
- is common knowledge

- we know or should know as an insurer, or
- we waive your duty to tell us about.

If you do not tell us something that you know, or could reasonably be expected to know, may affect our decision to provide the insurance and on what terms, this may be treated as a failure by the Trustee to tell us something that it must tell us.

If the Trustee does not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If the Trustee does not tell us anything it is required to, and we would not have provided the insurance or entered into the same contract with the Trustee if the Trustee had told us, we may avoid the contract within three years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount of insurance provided. This would be worked out using a formula that takes into account the premium that would have been payable if the Trustee had told us everything it should have. However, if the contract provides cover on death, we may only exercise this right within three years of entering into the contract.

If we choose not to avoid the contract or reduce the amount of insurance provided, we may, at any time vary the contract in a way that places us in the same position we would have been in if the Trustee had told us everything it should have. However, this right does not apply if the contract provides Cover on death.

If the failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

When your benefits can be paid to you

If any benefits have been paid to the Trustee under the terms of the OneCare Super policy, the Trustee may pay part or all of your benefits to you when certain conditions of release are met. Conditions of release include:

- reaching your preservation age and you have permanently retired
- reaching age 60 and subsequently ceasing a 'gainful employment' arrangement (including self-employment)
- reaching age 65 whether you have retired or not
- reaching your preservation age (payment restricted to a 'transition to retirement' income stream)
- 'permanent incapacity'
- severe financial hardship (limits may apply)
- specified compassionate grounds (limits may apply)
- if you are considered to have a 'terminal medical condition'
- 'temporary incapacity'
- permanent departure from Australia for certain temporary residents.

‘Gainfully employed/Gainful employment’ means employed or self-employed for ‘gain or reward’ in any business, trade, profession, vocation, calling, occupation or employment.

‘Permanent incapacity’ means the trustee must be reasonably satisfied that you are unlikely, because of your health (whether physical or mental), to engage in gainful employment for which you are reasonably qualified by education, training or experience.

‘Temporary incapacity’ means the trustee must be reasonably satisfied that you have, because of ill-health (whether physical or mental), temporarily ceased gainful employment but does not constitute permanent incapacity (conditions apply).

‘Terminal medical condition’ means the following circumstances exist:

- a. two registered medical practitioners have certified, jointly or separately that the person suffers from an illness, or has incurred an injury that is likely to result in the death of the person within a certification period that ends not more than 24 months after the date of the certification
- b. at least one of the registered medical practitioners is a specialist practising in an area related to the illness or injury suffered by the person
- c. for each of the certificates, the certification period has not ended.

If you have not met a condition of release and you choose to cancel your membership, money you have paid cannot be paid directly to you. In accordance with superannuation laws, this money, less any eligible adjustments, can be transferred to an eligible superannuation fund of your choosing. If we do not receive advice from you, the Trustee will rollover any refund of premium into an Eligible Rollover Fund (ERF) nominated by the Trustee. The Trustee’s nominated ERF is:

Australian Eligible Rollover Fund
 Locked Bag 5429

Tax File Number (TFN)

You are not required by taxation or superannuation laws to provide your TFN to the Trustee. However, if you apply for OneCare Super and do not provide your TFN, the Trustee will not be able to accept your application for membership of the OnePath MasterFund.

Your TFN is confidential and you should know the following before you decide to provide it to us:

- The Trustee is authorised to collect your TFN under taxation and superannuation laws.
- If you do provide your TFN to us, we will only use it for legal purposes. This includes finding or identifying your superannuation benefits where other information is insufficient, calculating tax on any superannuation payment you may be entitled to and providing information to the Commissioner of Taxation such as reporting details of contributions for the purposes of lost member reporting and monitoring of contribution caps.
- If you do provide your TFN to us, we may provide it to the trustee of another superannuation fund or a Retirement Savings Account (RSA) provider where the trustee or RSA provider is to receive their transferred benefits in the future.
- We will not pass your TFN to any other fund if you tell us in writing that you do not want us to pass it on.
- Your TFN will be treated as confidential. You are not required to provide your TFN. Declining to quote your TFN is not an offence.

However, if you do not give us your TFN, either now or later:

- We will not be able to accept member contributions, and you will be liable to pay additional tax on concessional contributions.
- You may pay more tax on your benefits than you have to (you may get this back at the end of the financial year in their income tax assessment).
- It may be difficult to locate or amalgamate your superannuation benefits in the future.

The purposes for which we can use your TFN and the consequences of not providing it may change in the future as a result of changes to the law. What else do I need to know?

Stepped or level premiums

The amount you pay for your policy is called the 'premium'. With OneCare, you can choose the way your premiums are structured.

The options are:

Stepped premiums – your premium each year is based on the life insured's age and a number of other factors such as the amount of cover, and it's likely it will increase as the life insured gets older.

Level premiums – your premiums are 'averaged out' over the policy duration, which means you will generally have higher premiums relative to stepped during the initial years, but lower premiums in later years. The level premium option is not available for Child Cover or Extra Care Cover.

Example – how stepped and level premiums work

The following premium projections are for a male non-smoker with \$500,000 Life Cover and \$200,000 linked Trauma Cover.

Stepped vs. Level (with indexation)

The level premium (dotted line) starts off more expensive. Because the level of cover is increasing each year to keep up with inflation, the premiums for both cover types increase with each policy anniversary. However, the level premium is increasing at a slower rate.

Stepped vs. Level (without indexation)

In this example, the amount of cover is not increasing each year with inflation. Again, the level premiums start off more expensive, but they remain steady while the stepped premiums are increasing each year.

Your premium includes a Policy Fee for each life insured under the policy. The Policy Fee increases each year by the **indexation factor**, regardless of whether you've chosen stepped or level premiums. This fee will be quoted with the premium when you apply.

Note: If you are paying level premiums, the cover will automatically convert to stepped premium at age 65.

Please note, the above diagrams are for illustrative purposes only.

What are the costs?

Funding your policy

For non-superannuation policies, the Policy Owner pays the premiums for the Policy. There may be more than one policy owner.

For OneCare Super, OneCare External Master Trust and OneCare policies that are issued to an SMSF, the premiums for the policy are paid by the Trustee of your superannuation fund.

OneCare Super premiums may also be from existing contributions from OnePath Custodians via OneAnswer or OptiMix accounts or by external rollover from an eligible superannuation fund or new contributions made by the member.

You may be eligible for a Rollover Rebate of up to 15% if you pay your premium via a rollover from an external superannuation fund. Refer to page 94 for more information.

Premiums

The amount you pay for your policy is called the premium.

Premium factors

The premium is affected by the product choices you make and a range of other factors. These factors include (but are not limited to) age, gender, smoking status, health and occupation.

Premium rates are not guaranteed for either stepped or level premium types. We will not increase premium rates for an individual policy within a defined risk group unless, on actuarial advice, all premium rates for all policies in that defined risk group are increased.

If we change premium rates we will provide you with at least 30 days notice, and the premium for your policy will only change from your next policy anniversary. However, if you alter your policy during the year, we will recalculate your premium based on the rates applicable at the time you request the alteration.

Your cover may increase each year by the indexation factor. This increase will apply on the anniversary date on or after 1 May each year.

Your premium will be calculated based on the increased cover, and payment of the premium indicates acceptance of the increase in cover due to indexation.

The minimum annual premium is \$300 across all covers for each life insured, inclusive of the Policy Fee. For increases (except for indexation increases), the minimum annual premium is \$150 for each life insured.

Where premiums are paid by monthly instalments and you cancel the policy, we will not refund any instalment paid. We will pay a pro rata refund where premiums are paid by annual or half yearly instalments and you cancel the policy before the next annual or half yearly instalment is due.

Policy Fee

The premium includes a Policy Fee for each life insured on the policy. The Policy Fee applies across all covers for each life insured covered under each policy. The Policy Fee will be adjusted at 1 May each year by the indexation factor. The Policy Fee is \$86.25 per year at the date this PDS was prepared.

There is no Policy Fee for any insured child under Child Cover.

Premium discounts

You may be entitled to a discount on the premium for your policy depending on:

- the combination of covers for each life insured
- the number of lives insured under a policy or a number of linked OneCare policies if they form part of an allowable group
- the amount insured.

An allowable group for discount purposes is where there is a clear family group relationship and/or business partner arrangement.

Payment of premiums

The following table shows the methods you may use to pay your premiums and any additional charges (the Frequency Loading) that may apply.

Payment Frequency	Payment method					
	Cheque	Credit Card	Direct Debit	Internal Rollover*	External Rollover*	Frequency Loading
Yearly	Yes	Yes	Yes	Yes	Yes	–
Half yearly	Yes	Yes	Yes	Yes	No	3%
Monthly	No	Yes	Yes	Yes	No	6%

* Available for OneCare Super only.

To keep the policy in force, you must pay the premium (and any fees, duties and charges which may apply) by the premium due date. If it is not paid, we will cancel the policy, and cover will cease after we give the policy owner 30 days written notice.

If you wish to pay your premiums by direct debit, please refer to 'Direct Debit Request Service Agreement' on page 102.

Government charges

Stamp duty, tax, excise or other government charges may apply to the policy. We reserve the right to recoup these charges through the premium for the policy, and increase the premium to cover any increase in these charges.

Any transfer of ownership of this policy by assignment may be subject to stamp duty, in which case we may charge a fee to cover the amount of the duty.

Your policy is input taxed for GST purposes, which means that no GST is payable on policy premiums.

Financial adviser commission

If you purchase your policy through a **financial adviser**, we may pay your **financial adviser** a standard commission for selling you this product. This payment is already incorporated into your premium. You and your **financial adviser** may agree to commission below the standard commission, in which case your premium may be reduced.

Please note, your **financial adviser** in addition to/or instead of commission may also charge a fee for service directly to you.

In addition to any payment for selling your policy, we may make payments to financial services dealer groups based on commercial arrangements. These payments are made by us.

The OnePath entities through ANZ Wealth Australia Limited maintain an Alternative Form of Remuneration Register (Register) in accordance with IFSA Industry Code of Practice on Alternative Forms of Remuneration in the Wealth Management Industry. The Register outlines the alternative forms of remuneration which are paid and received from givers and receivers of such remuneration. If you would like to view the Register please contact Customer Services on 133 667.

Statutory funds

The premium will be placed in our Statutory Fund No.1 and any claims will be paid from this fund.

The only exception to this is if the policy is written through OneCare Super, in which case the premiums will be placed in our Statutory Fund No. 3 and any claims will be paid from that fund.

As there is no investment component in OneCare, your policy does not have any surrender value.

Processing your application

While we are considering your application, any monies you pay us by cheque, credit card or direct debit are required to be held in a trust account until we can accept your application or otherwise. Any policy payments or deductions required by law are similarly processed using a holding account.

We will retain any interest that is payable by our bank on these accounts to meet our administrative costs, bank fees and bank administrative costs incurred in operating these accounts.

If you add to your cover at a later stage, we may be required to hold any additional money in this account.

Confirming transactions

When we process your transactions we will generally confirm them by issuing you with a letter of confirmation or a Policy Schedule.

You can request confirmation of your transactions and any other additional information about your policy in the following ways:

- Call us on 133 667 between 8.30am and 6.00pm (Sydney time), weekdays, and have your query answered over the phone.
- Call us and ask for a written confirmation of the transactions you have made to be sent to you.
- Email us at customer.risk@onepath.com.au

When the policy ends

Your policy will end on the earlier of the:

- date we receive written notification from you to cancel the policy
- date we cancel the policy in accordance with our legal rights
- date we cancel the policy because you have not paid the premium when due
- ending of all covers for all lives insured under the policy (the circumstances in which each cover will end are set out in each cover section in this PDS)
- date of the death of the last life insured under the policy
- (if the policy is a OneCare Super policy) the date you cease to be a member of the OnePath MasterFund or are no longer eligible to have superannuation contributions made or rollovers (as prescribed under superannuation law) to the OnePath MasterFund. However, we may accept an application from you, without underwriting, for your cover to continue on the same terms under a non-superannuation policy
- (if the policy is a OneCare External Master Trust policy) you ceasing to be a member of the Master Trust. However, we may accept an application from you, without underwriting, for your cover to continue on the same terms under a non-superannuation policy.

What do I need to know about taxation?

The information contained on our website will assist you in understanding the tax treatment of OneCare.

Taxation laws vary depending on the type of cover you select, your ownership structure and your personal circumstances.

For general information as to the possible taxation consequences of various events in relation to the covers available under OneCare, please refer to the OneCare and OneCare Super Customer Tax Guide (for OneCare and OneCare Super) or the External Master Trust Customer Tax Guide (for OneCare External Master Trust).

These guides are based on our interpretation of the taxation laws and rulings that were current at the time of going to print, and are reliant upon the continuance of that legislation, practice and their interpretation.

Individual circumstances do differ and the law may change. You should seek professional tax advice on your taxation position.

The OneCare and OneCare Super Customer Tax Guide and the OneCare External Master Trust Customer Tax Guide are publicly available on our website at onepath.com.au Select 'Forms & Brochures' and search for 'Customer tax guide'. Alternatively, a copy may be obtained free of charge by contacting Customer Services on 133 667.

Direct Debit Request Service Agreement

This applies if you are paying the premiums by Direct Debit

Our commitment to the bank account holder

We will:

- arrange for funds to be debited from the nominated account as authorised in the Direct Debit Request
- give you at least 14 days notice in writing before changing the terms of the debiting arrangements, unless the changes are made at your request
- keep information relating to your Direct Debit Request private and confidential.

If the date on which we usually debit your account falls on a weekend or public holiday, your account will be debited on the next working day.

Your commitment to us

It is your responsibility to:

- ensure the nominated account can accept direct debits and that all account holders on the nominated account agree to the debiting arrangements
- ensure that the account details that you have provided are correct by checking them against a recent account statement
- advise us if the nominated account is transferred or closed, or the account details have changed
- ensure there are sufficient funds available in the nominated account to meet each direct debit
- check with the financial institution before completing the Direct Debit Request, in the event that you have any queries about how to complete the Direct Debit Request.

If there are insufficient funds in the nominated account, the account may be charged a fee by the financial institution. We will not charge a fee.

Your rights

You may defer, alter or cancel the debiting arrangements you hold with us at any time by providing notice to us. Such notice should be received at least 14 days before the next debit is due.

When you consider that a debit has been initiated incorrectly, you should contact OnePath directly. We will then investigate your query.

If we find that the account has been incorrectly debited, we will arrange for the financial institution to adjust the account (including interest and charges) accordingly. We will also notify you in writing of the amount by which the account has been adjusted.

If we find the account has not been incorrectly debited, we will provide you with reasons and any evidence for this finding.

If we cannot resolve this matter, you can still refer it to the financial institution, which may lodge a claim on your behalf.

How do I apply?

Before you apply, we recommend you seek advice from a **financial adviser**. They will help you complete the application and will give you a personalised Product Illustration (quotation) showing the covers and the premiums payable for the insurance you choose.

When we receive your application, we will assess it for risks and the terms under which we can provide the insurance. Our decision to issue insurance is based on the information you provide to us. If we accept your application and your policy premium has been paid, we will provide you with written confirmation that you have cover and send you a Policy Schedule, Policy Terms and a welcome kit. After we issue your policy you have a cooling-off period where you may change your mind.

Cooling-off period

The policy or individual covers under the policy may be cancelled within 28 days from the date we issue the Policy Schedule, confirming our acceptance of your application.

This is known as the 'cooling-off period'. You may cancel your policy or individual covers under the policy during the cooling-off period by notifying us in writing and returning the Policy Schedule. If you do this, we will cancel the policy or the individual covers and refund any money you have paid (except any amounts of taxation or government charges which we are unable to recover).

You cannot exercise your right to cancel the policy at any time after you have made a claim for benefits under the policy.

Premium payment under OneCare Super

For OneCare Super, if you choose to cancel your cover, money you have paid cannot be paid directly to you. In accordance with superannuation laws, this money, less any eligible adjustments, can be transferred to an eligible superannuation fund of your choosing. If we do not receive advice from you, the Trustee will rollover any refund of premium into an Eligible Rollover Fund (ERF) nominated by the Trustee. The Trustee's nominated ERF is:

Australian Eligible Rollover Fund
Locked Bay 5429
Parramatta NSW 2124

What are the risks?

There are a number of insurance risks you should be aware of:

- The insurance cover you select under OneCare may not provide the appropriate cover for your needs. Your **financial adviser** can help you decide on the insurance that is most appropriate for your specific needs and circumstances.
- The maximum amount of the insurance cover you select may not be sufficient to provide adequate insurance cover for the life insured in the event of **illness** or **injury**.
- Applications for cover and future increases may not be available to the life insured due to health reasons. Existing policies should not be cancelled or allowed to lapse until the new cover is accepted and current.
- If we do not receive the premiums within 30 days of the due date, we may cancel or terminate the policy by writing to you (if your policy is OneCare or OneCare Super) or to the Trustee (if your policy is OneCare External Master Trust) in accordance with our legal rights, and we may not assess any claim which arises after the due date.
- If you do not comply with your duty of disclosure, we may cancel your policy and/or cover and not pay any claim. The duty of disclosure is explained below.
- For OneCare External Master Trust and OneCare policies issued to the Trustee of an SMSF, any benefits payable under your policy are paid to the Trustee of your Master Trust or SMSF as applicable. The release of these benefits by the Trustee to you will be subject to the Trust Deed of the Master Trust or SMSF and any relevant superannuation laws. For information on whether and when benefits can be released to you, please consult your Trustee or your **financial adviser**.
- You will need to satisfy a condition of release to access a benefit through OneCare Super. Please refer to 'When your benefits can be paid to you' on page 97 for conditions of release.

Repayment of benefits

If, for any reason, it is determined that a benefit paid to you was not actually payable under the terms of the policy, that benefit must be repaid to us.

When completing your application, please ensure that you fully understand and comply with your duty of disclosure as set out in the next column.

Your duty of disclosure

In this section 'you' and 'your' refers to the policy owner only. Before you enter into a life insurance contract, you have a duty to tell OnePath Life anything that you know, or could reasonably be expected to know, may affect OnePath Life's decision to insure you and on what terms.

You have this duty until OnePath Life agrees to insure you. You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell OnePath Life anything that:

- reduces the risk OnePath Life insures you for
- is of common knowledge
- OnePath Life knows or should know as an insurer, or
- OnePath Life waives your duty to tell it about.

If the insurance is for the life of another person and that person does not tell OnePath Life everything he or she should have, this may be treated as a failure by you to tell OnePath Life something that you must tell us.

If you do not tell OnePath Life something

In exercising the following rights, OnePath Life may consider whether different types of cover can constitute separate contracts of life insurance. If it does, OnePath Life may apply the following rights separately to each type of cover.

If you do not tell OnePath Life anything you are required to, and OnePath Life would not have insured you or entered into the same contract with you if you had told it, OnePath Life may avoid the contract within three years of entering into it.

If OnePath Life chooses not to avoid the contract, it may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told OnePath Life everything you should have. However, if the contract provides cover on death, OnePath Life may only exercise this right within three years of entering into the contract.

If OnePath Life chooses not to avoid the contract or reduce the amount you have been insured for, it may, at any time vary the contract in a way that places it in the same position it would have been in if you had told OnePath Life everything you should have. However, this right does not apply if the contract provides cover on death.

If your failure to tell OnePath Life is fraudulent, it may refuse to pay a claim and treat the contract as if it never existed.

About the application

By completing the application, you:

- confirm that:
 - each life insured and policy owner has received, read and understood the Product Disclosure Statement dated 23 May 2016
 - each life insured and policy owner has read and understood the questions in the application
 - your **financial adviser**, as applicable, is acting as agent for you and the life insured in completing and submitting the application, whether electronically or by any other method acceptable to OnePath Life.

If OnePath Life agrees to backdate the risk commencement date for the policy/covers and the written contract of insurance or relevant Policy Schedule is in fact issued at a date which is after the risk commencement date, the duty of disclosure obligations and the requirement not to misrepresent any matter continues until the written contract of insurance or relevant Policy Schedule is issued by OnePath Life
- if a written contract of insurance or relevant Policy Schedule is issued by OnePath Life and the policy owner and/or life insured provides any further information which would have been relevant to the original assessment made based on the information provided in the application, OnePath Life reserves its right to provide amended contract terms or cancel and/or avoid any relevant cover or the whole contract of insurance
- each statement in relation to this policy is true and complete, including statements made to OnePath Life, to any other person in relation to this policy and in the application (even if part or all of the application has been completed by someone other than you or the life insured)
- OnePath Life will rely on statements made in the application, to other persons in relation to this insurance and the life insured's Personal Statement in deciding whether to issue a policy and what terms and premium to offer.

iii. authorise:

- any **medical practitioner** or other professional to disclose any information that they may possess about the life insured to OnePath Life in relation to this insurance or any claim made under it
- OnePath Life to approach any person named in the application to verify any aspect of it, to disclose to OnePath Life any information that they may possess about the policy owner or the life insured.

- the additional terms and conditions for Interim Cover as follows.

Terms used for Interim Cover

'Application Form' means either a current OneCare paper application form, a OneCare Express electronic application form or any other method which is acceptable to OnePath Life which is completed in respect of a policy as described in this PDS.

'Life insured' means the person(s) nominated in the application as the life to be insured.

'Policy owner(s)' means the person(s) nominated in the application as the policy owner(s).

Interim Cover for OneCare Super applications

If the application is for a OneCare Super policy, which is issued to the Trustee of the OnePath MasterFund, we provide the Interim Cover to the life insured while we assess the application for insurance and the application for membership of the MasterFund. Any benefits payable under this Interim Cover do not form part of the life insured's superannuation entitlements held in the MasterFund.

Eligibility for Interim Cover

Interim Cover is only available if the life insured is:

- for Life Cover – aged between 15 and 75 years
- for TPD Cover – aged between 15 and 60 years
- for Trauma Cover – aged between 15 and 65 years

- for Living Expense Cover – aged between 19 and 60 years
- for Child Cover – aged between 2 and 15 years

- is to replace existing insurance which is still in force, whether with OnePath Life or another insurer; or
- would normally be declined or deferred under OnePath Life's current underwriting rules.

Commencement of Interim Cover

Interim Cover will only commence when OnePath Life or an authorised adviser receives a fully completed, signed and dated OneCare application. Or if applying using OneCare's electronic application, the application is either 'submitted' or 'pending submission'.

The OneCare application must include either:

- a cheque, a valid Direct Debit Authority, Credit Card Authorisation or Internal Rollover Authority for the payment of the first premium; or
- notification of intention to pay premiums via External Rollover (for OneCare Super only).

OnePath Life must receive the application including the above payment option (as applicable) within 14 days from the signed date for the Interim Cover to continue.

Extra Care Terminal Illness Benefit and Extra Care Extended Needle Stick Benefit are not provided under Interim Cover.

Interim Cover Maximum limits

For each type of cover, the Interim Cover Benefit we will pay will be the lesser of:

- the amount insured applied for
- the maximum amount payable under Interim Cover for each type of cover as specified below:
 - Life Cover – \$1 million*
 - TPD and Trauma Cover – \$500,000*
 - Income Secure and Business Expense Cover – \$5,000 per month[†]
 - Living Expense Cover – \$2,000 per month
 - Child Cover – \$200,000
 - Extra Care Cover – Accidental Death Benefit only – \$500,000*
- the difference between the benefit amount applied for and any existing insurance with OnePath Life which is to be replaced
- the reduced amount insured that would be offered where under its current underwriting rules, OnePath Life would offer a lower sum insured to that applied for in the Application Form
- the reduced amount insured the loaded premium would purchase when compared to the standard premium, where under its current underwriting rules OnePath Life would apply or has offered to accept the application with a premium loading.

* We pay this amount or the equivalent instalment amount calculated by OnePath Life based on the nominated term of the instalment.

† A maximum of \$30,000 will be payable in total benefits for Income Secure Cover and Business Expense Cover.

Where under its current underwriting rules OnePath Life would offer cover subject to special terms and conditions, such special terms and conditions will apply to the Interim Cover.

If cover was applied for a life insured across multiple policies and we pay less than the amount insured applied for, the amount we will pay each policy owner is a share of the total amount paid in proportion to the amounts applied for.

Interim Cover claims

If you claim before an underwriting decision has been made on the life insured, our claims assessment will not proceed until an underwriting assessment is complete.

If the underwriting decision appropriate for the calendar day preceding the **injury** or **illness** for which the Interim Claim is made, would have been to deny or exclude that **injury** or **illness**, then the claim will be denied.

Exclusions on Interim Cover

No benefit will be payable in respect of Interim Cover if the Interim Cover event results directly or indirectly from:

- anything happening to the life insured in war (this exclusion does not apply to Life Cover or the Extra Care Accidental Death Benefit)
- an intentional self-inflicted act
- the life insured engaging in any sport, pastime or occupation which would not normally be covered under OnePath Life's current underwriting rules or accepted only with a loading
- any condition that the life insured knew about before the commencement of the Interim Cover
- any condition for which the life insured consulted a qualified **medical practitioner** before the date of the Application Form
- for Income Secure Cover, Business Expense Cover and Living Expense Cover only – the life insured's **uncomplicated pregnancy**, miscarriage or childbirth. However, if the life insured spends more than three months **totally disabled** from the date the pregnancy ends and continues to be **disabled**, we will pay benefits from the end of that three month period, or the end of the waiting period if greater
- if you claim before the underwriting decision has been made for a life insured, and the underwriting decision appropriate for the calendar day preceding the **injury or illness** for which the Interim Claim is made, would have been denied or excluded that **injury or illness** then the claim will be denied.

How to...

How to advise us of a claim

We understand that when you need to make a claim it can be a very difficult and emotional time. It may not always be straight forward and we would like to help make things easier.

If you are unsure whether you are eligible to make a claim, or need assistance at any time during the claims process, please phone our Claims Helpline on 1300 555 250.

Contact your **financial adviser** or call our Claims Helpline on 1300 555 250 as soon as possible to advise of any event which may lead to a claim. If we do not receive notice within a reasonable time, we may reduce or refuse to pay the benefit to the extent our assessment of the claim is prejudiced.

Within 24 hours of receiving your call we will send you the appropriate claim form, a covering letter detailing our specific requirements and a brochure which will guide you through the claims process and answer some of your questions.

If your claim is accepted we will pay any benefits in Australian dollars.

For policy types under superannuation, claim benefits are managed by the Trustee of your Fund. You will need to satisfy a condition of release under superannuation laws to access these preserved funds.

If your policy is a OneCare External Master Trust, you should also contact your Master Trust as soon as possible to advise of any event that may lead to a claim. The Trustee of your Master Trust will manage your claim by providing you with the claims requirements and collating that information for assessment by OnePath Life.

Claim payments

All amounts payable under your policy shall be paid in Australian currency in Australia.

We may delay or withhold paying a benefit under OneCare where doing so may breach any laws or regulations in Australia including any sanctions regulations. You must provide all information to OnePath Life which OnePath Life reasonably requires in order to manage its money-laundering, terrorism-financing or economic and trade sanctions regulations.

How to nominate and update beneficiary details

When applying for OneCare or OneCare Super, you may nominate beneficiaries to receive death benefits.

OneCare

Generally, benefits payable under the policy in the event of the life insured's death are paid to the policy owner. As a policy owner, you can nominate beneficiaries to receive benefits payable in the event of a life insured's death. The nomination will apply to death benefits payable across all covers under the policy. If you do not nominate a beneficiary, any death benefit will be paid to you or your estate.

If the sum of benefits payable to nominated beneficiaries under the policy is less than 100% of the total death benefits payable, you or your estate will receive any balance of benefits under the policy so that the total sum of death benefits payable equals 100%. Similarly, you or your estate will receive any benefits allocated to a beneficiary in the event that they die before you.

Any nominations will be cancelled if the ownership of the policy is transferred to a new policy owner.

OneCare Super

If you choose OneCare Super, please refer to page 94 for details of how to nominate beneficiaries in relation to benefits in the OnePath MasterFund.

You can update your beneficiary information at any time by completing the relevant nomination of beneficiary form for your policy type. These are available from our website onepath.com.au or by contacting our service team on 133 667.

OneCare External Master Trust and OneCare SMSF

For OneCare External Master Trust and OneCare SMSF, beneficiary information should be maintained directly with the relevant superannuation fund.

How to change the policy owner

For non-superannuation policies, you may transfer the ownership of the policy to another person, subject to relevant law, by completing a Memorandum of Transfer and registering the transfer with us.

If there is more than one policy owner on a policy, we will regard them as joint owners or joint tenants.

If you choose OneCare Super, the Trustee of the MasterFund as owner of the policy will not transfer ownership to another person, superannuation fund or entity.

Should you wish to continue your OneCare External Master Trust insurance cover but under a different policy ownership, we may offer to cancel your policy and replace it with a new policy. The new cover will be on a like for like basis with the existing policy and subject to the cover options and premium rates applicable at the time.

Note, changing the policy owner is not available if you are **on claim** or eligible to claim at the time of request.
